

B-Class PremiumLine

De luxe integrated motorhomes.

HYMER

The HYMER plant in Bad Waldsee – at the heart of Europe.

Dear Motorhome Owner,

For us, the term “living room on wheels” is not just an empty phrase. HYMER motorhomes deliver exactly what our customers expect from us: excellent quality, a high level of comfort, superior furnishings and optimal safety – and it all comes as standard! After all, we want you to enjoy all the comforts you have at home when you’re on holiday too. That’s why – all rational considerations aside – buying the right motorhome is always an emotional decision too, based on your gut feeling. Erwin Hymer was well aware of this when he launched the first series-produced motorhome in 1971.

And it’s still true today! Across all classes, from the compact semi-integrated to the premium integrated models, HYMER does its utmost not just to satisfy its customers’ wishes and expectations, but to surpass them. As a pioneer in this sector, this is part of our self-image and a debt we owe to the brand’s long tradition. Why not see for yourself and discover the advantages of our wide range of models. This brochure will help you do just that.

Bernhard Kibler

Division Manager HYMER Motorhomes

A unique success story

The history of the HYMER B-Class.

Multi-award-winner: In 1981, Europe's leading motorhome and caravan manufacturer began production of the legendary B-Class, probably the most well known integrated model of the HYMER brand. To date, more than 55,000 vehicles of this class have been built, thus accumulating an impressive wealth of experience in the integrated sector. That's one reason why various B-Class models have won first place a grand total of 29 times in the renowned promobil readers' poll over the last 33 years. This "Motorhome of the Year" award can be clearly interpreted as a unique seal of quality.

rience in the integrated sector. That's one reason why various B-Class models have won first place a grand total of 29 times in the renowned promobil readers' poll over the last 33 years. This "Motorhome of the Year" award can be clearly interpreted as a unique seal of quality.

1957

Alfons Hymer begins production of agricultural vehicles.

1961

Erich Bachem ("ERIBA") and Erwin Hymer build the original "Troll", the first caravan.

1971

The first hand-built HYMER motorhome – the Caravano – appears.

The term "Hymermobil" enters the German language with the introduction of the 550.

1976

The Hymermobil 521 becomes a best-seller. This model is notable for its fold-down double bed in the cab.

1981

Below the S-Class, all simple integrated models on a Mercedes chassis are now listed as the new B-Class.

1983

The Ford-based Hymermobils are added to the B-Class, and the Fiat Ducato a year later.

1987

The B-Class is voted "Motorhome of the Year" for the first time in the promobil magazine readers' poll, followed by 28 further wins.

1988

Sturdy PUAL body: a helicopter lands on the roof of a B-Class – without causing any damage.

1988

First ever crash test with a motorhome – naturally with a HYMER B-Class.

1994

All-new: cab, chassis and weight category. Presenting the new B-Class on a Fiat Ducato chassis.

1997

In the completely redesigned B-Class, the roof is now harmoniously shaped and the roof corners have almost completely disappeared.

2000

The B-Class acquires a AL-KO deep frame with a double floor without increasing in height.

2006

To mark the 25th anniversary of the best-selling B-Class, the special edition "Legend 25" is launched in an elegant silver finish.

2014

The B-Class celebrates its 33rd birthday and triumphs as a PremiumLine with a completely new interior.

The HYMER B-Class PremiumLine

A technical masterpiece with a premium finish.

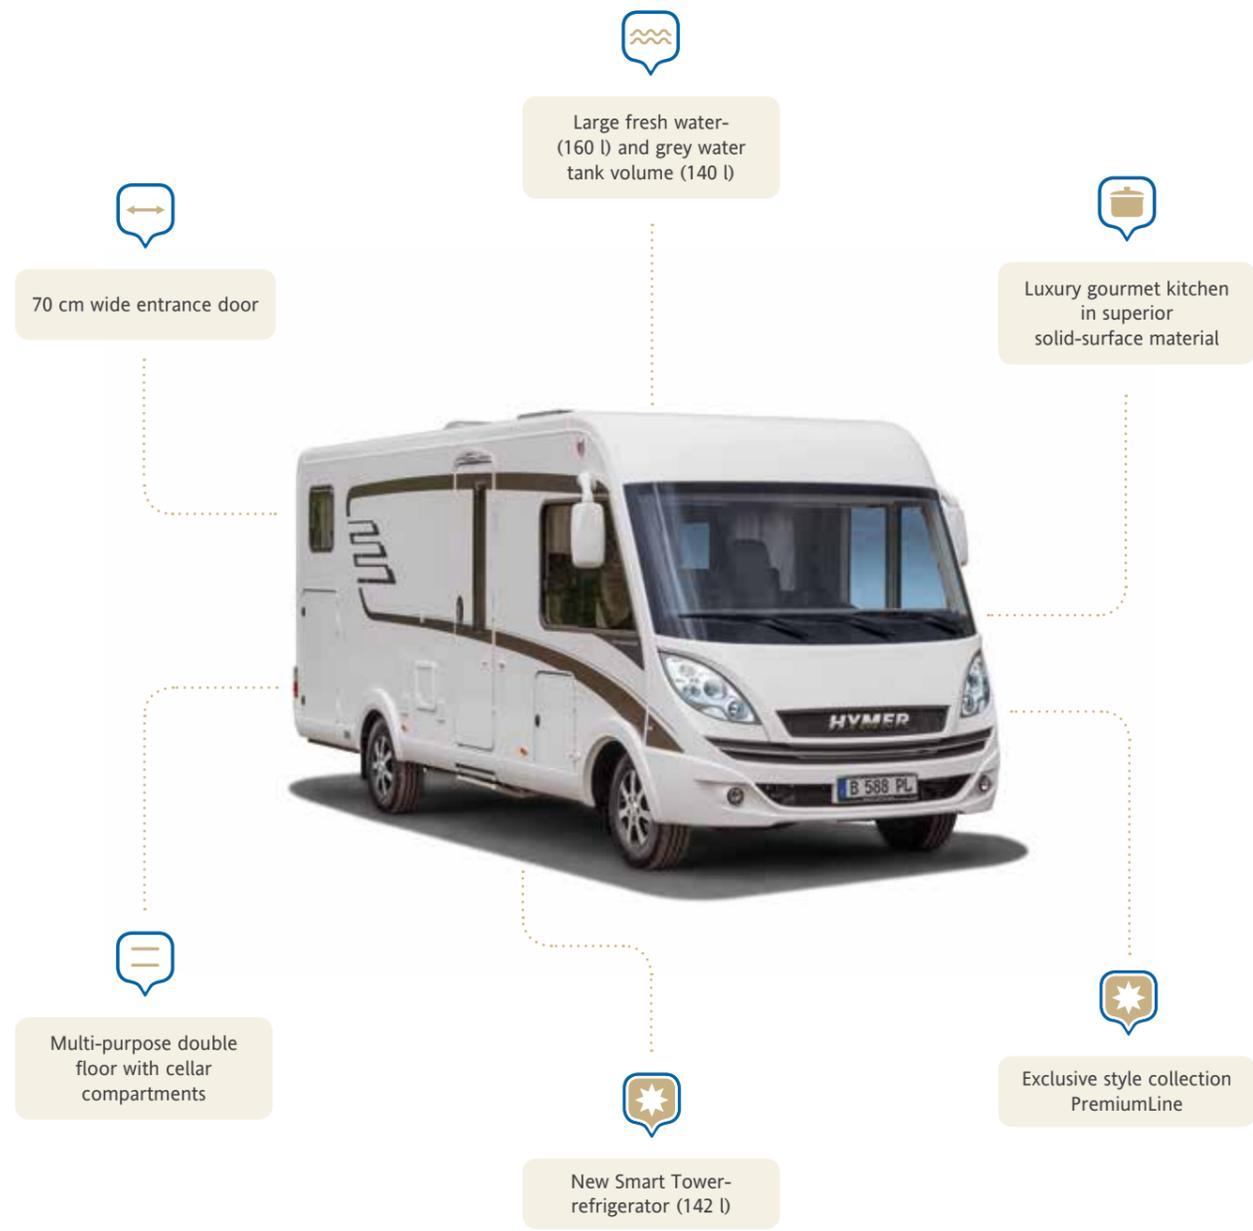

We have been winning the hearts of motorhome fans with our HYMER B-Class models since 1981. Over 55,000 vehicles delivered from this model range alone speak for themselves. It can be described without exaggeration as a premium product which truly deserves the name PremiumLine. With completely new layout concepts, a new interior design, a smart exterior and many highlights as standard, we present a motorhome which does justice

to HYMER's traditional reputation for maximum quality and value retention. The PremiumLine guarantees optimum driving comfort thanks to its lightweight AL-KO frame, cruise control, Goldschmitt spiral springs for the front axle and double floor concept. A larger fresh and grey water tank capacity, left and right garage doors, a 70 cm-wide entrance door and many further details round off the superb overall package.

Profile *
Weight: 3,500 – 4,500 kg
Length: 6.55 – 7.79 m
Width: 2.35 m
Height: 2.90 m
Berths: 3 – 5

HYMER B-PL highlights

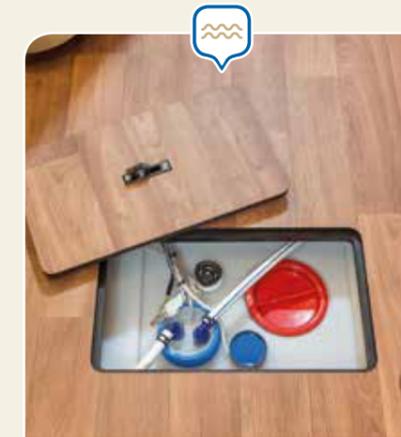

Smarter than ever before – inside and out.

* Maximum values. Further technical data can be found in the layout overview on page 22/23.

* = new

The new HYMER B-Class PremiumLine is perfect for anyone who puts a high value on superior travelling comfort. Exclusively and practically equipped, brilliantly designed and complete with a range of refinements, it makes travelling a joy. Why not try it out!

Large volume

The fresh water volume has been increased to an impressive 160 litres, and the grey water tank holds 140 litres – that means more convenience and self-sufficiency. The electric grey water tank emptying system is also very practical.

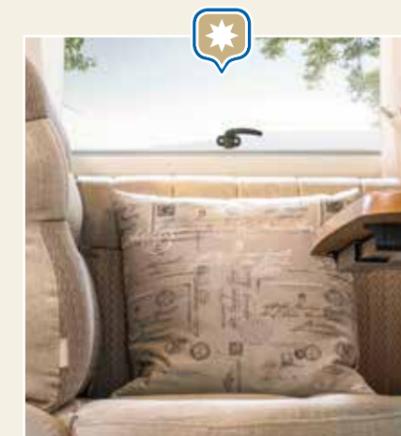

Perfectly chilled

Despite its narrow design, the Smart-Tower refrigerator with its clearly organised interior has an impressive capacity of 142 litres, plus a 15-litre freezer compartment, and is fitted as standard.

Deluxe gourmet kitchen

Luxuriously equipped with a sink and draining board in superior solid-surface material, pull-out shelf for kitchen appliances and window covering. Lots of storage space thanks to a new corner kitchen design with six drawers and additional kitchen shelf.

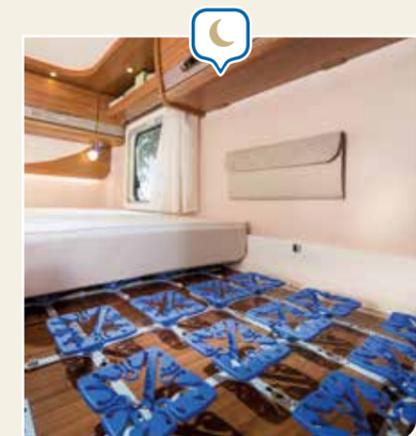

Style collection PremiumLine

The furniture is finished in the Palatino Apple design – with a new type of upholstery and the Messina fabric combination. Elegant handles in black chrome, two-tone furniture doors and the leather pelmet on the L-shaped seating group typify the exclusive interior.

Snug bedding

The berth in the new PremiumLine is equipped with an attractively snug bedding package. The bedspread and matching cushions boast an elegant design.

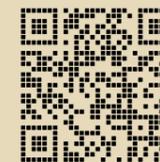

Precision support

The HYMER comfort sleeping system with high-quality cup slatted bed frames maximises the benefits of the multi-zone cold foam mattresses. Each area of the body is supported with the ideal counter-pressure for snug and restful sleep (except HYMER B 598 PL and B 708 PL).

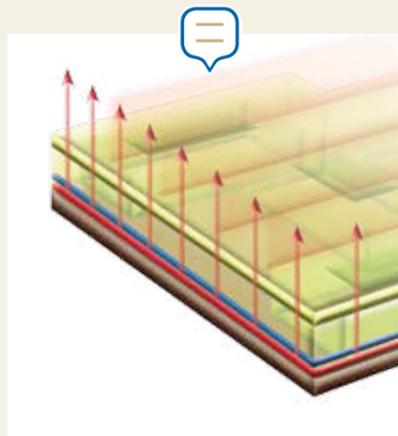

Smart driving and travel aids plus comprehensive safety equipment provide the basis for an enjoyable, trouble-free holiday trip. With the new HYMER PremiumLine, you know you're in good hands.

Further standard highlights:
www.hymer.com/b-pl/standard

Tailor-made undercarriage

The specially developed AL-KO lightweight frame with independent suspension forms the perfect basis for the motorhome body. Its optimally positioned wheelbase ensures equal weight distribution, even when the vehicle is fully loaded.

Multi-purpose double floor

Underfloor heating, a frost-protected service cavity and an additional heated storage compartment are all-inclusive thanks to the proven, 12.5 cm thick multi-purpose double floor with hot-air nozzles between the upper floor surface (3 cm) and underfloor (3.5 cm).

Spiral spring for front axle

In vehicles with a high front axle load, the front axle springs are often overloaded, which can cause the vehicle to sink. With Goldschmitt-spiral springs for the front axle, the vehicle front is propped up while increasing the axle load.

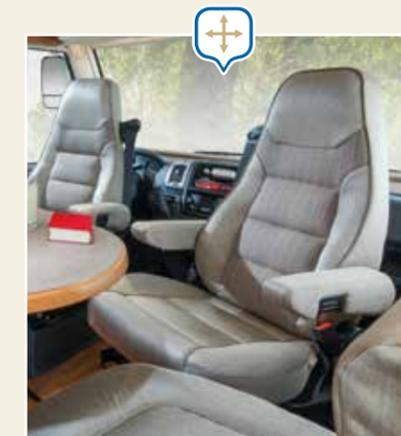

Optimal leak-tightness

The vehicle roof is made from robust aluminium and has no longitudinal seams for water to penetrate through from above. The GRP coating provides additional weather and hail protection, preventing mechanical damage to the roof surface.

Lasting protection from below

The indestructible GRP underbody makes the vehicles practically immune to weather damage. Stone damage, grit and dirt are likewise kept at bay – a solid foundation for the entire service life of your motorhome.

Handy multi-taskers

The height and angle-adjustable swivel lounge seats in the cab are fully upholstered in the same fabric as the living area. The high seating comfort of the Aguti Ergoflex pilot seats is ideal for settling down to watch TV and for relaxed driving.

Optimal loading convenience

The HYMER PremiumLine has two large garage doors on the left and right. The garage doors are equipped with high-quality gas pressure springs which hold the doors open reliably for loading and unloading.

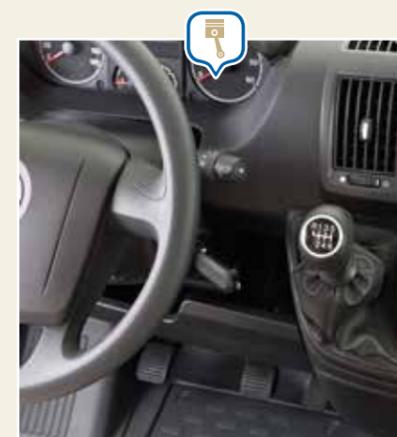

Easy access

The average motorhome door is 55 cm wide. The HYMER PremiumLine door, by contrast, is a full 70 cm wide. This extra width, together with the step, makes it much easier to enter and exit the vehicle.

Great view, no thermal bridges

The high-quality Seitz S7 framed windows are equipped with double acrylic glazing for optimal thermal insulation. The powder-coated aluminium frame is lightweight and sturdy and has an insulating layer to protect against thermal bridging. Also included are Remiflair interior roller blinds.

Economical endurance runner

The 96 kW / 130 hp Fiat Multijet II engine is the epitome of sustained economical driving pleasure thanks to its low average consumption. The nippy and robust 4-cylinder turbo-diesel engine complies with the Euro 5+ and EEV exhaust emissions standards.

Pleasant climate

The automatic front AC unit with pollen filter in the central console of the dashboard ensures a pleasant temperature while driving. It can be switched on both automatically and manually.

Comfort cruise control

Comfortable and safe at a steady, controlled speed – courtesy of the onboard cruise control system.

Living comfort

Travel in the lap of luxury.

1 Home-from-home living area

The living area of the B 588 PremiumLine is very generously designed. A touch of flair is provided by the exclusive Palatino Apple furniture finish and Messina fabric design.

2 Space galore

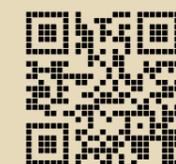

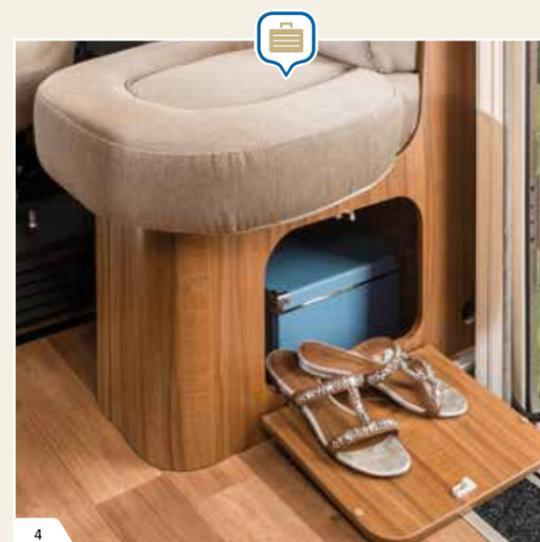

The lounge seating group with L-shaped bench seat and swivel pilot seats offer plenty of space for cosy conviviality. What's more, the table can be moved as required.

3 Elegant style collections

The stunning style collection featured in the PremiumLine with its two-tone furniture doors and elegant handles in black chrome catches the eye immediately, creating a pleasantly modern ambience.

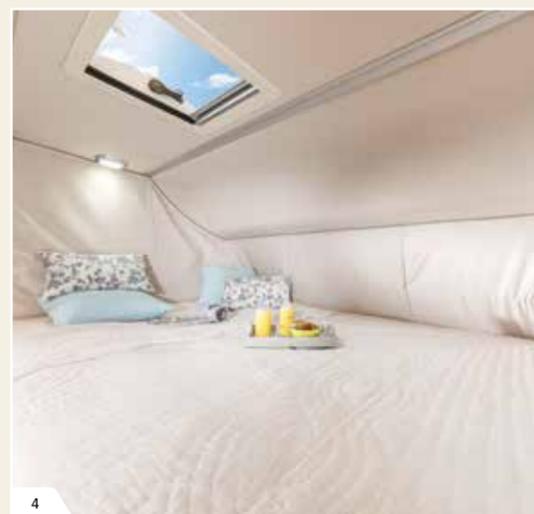

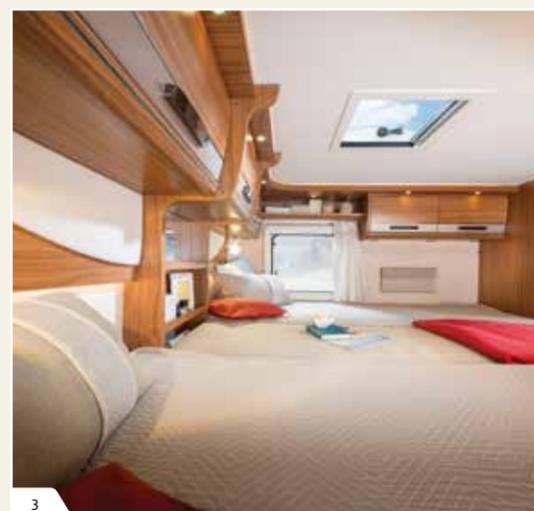

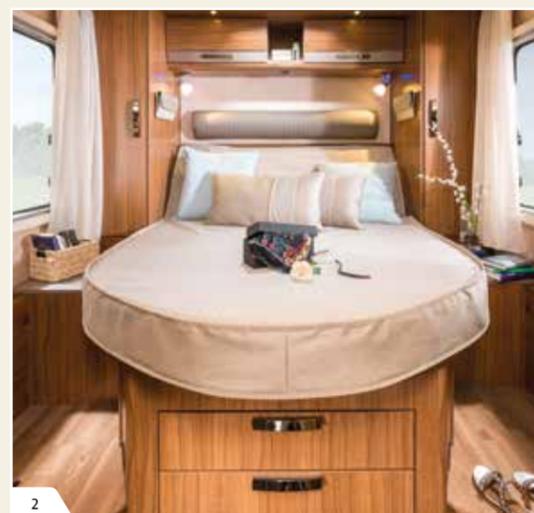

4 Practical shoe compartment

For all lovers of a neatly kept household, the comfortable single bench seat in the B 598 PremiumLine with the practical shoe compartment in the entrance area is a real gift.

Step aboard the HYMER PremiumLine with a virtual tour:

Sleeping comfort

Slip into a world of carefree slumbers.

1 Ample headroom

The twin beds in the B 704 PremiumLine are arranged so as to allow plenty of headroom. You can even sit upright comfortably without bumping your head. And it's nice and easy to get in and out.

2 Snug as a bug

The queen-size bed in the rear of the B 598 PremiumLine is wonderfully spacious, so you can really stretch out. And it's even snuggier with the luxury bedding package with bedspread and cushions.

3 Comfortable lounging area

The twin beds – as shown here – can be turned quickly and easily into a large lounging area in the B 588 PremiumLine.

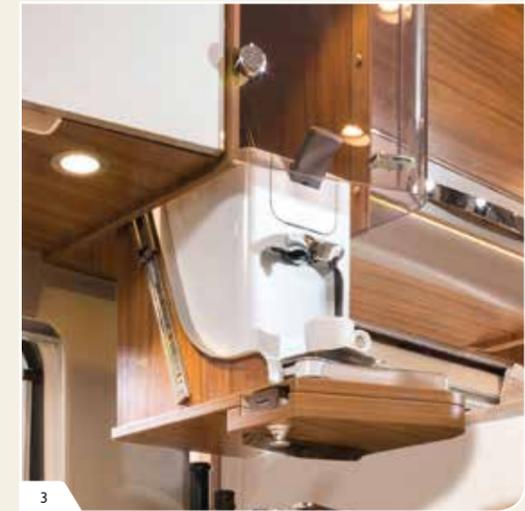

4 Maximum freedom of movement

The standard fold-down bed, which fits tightly and safely at the head and foot end when lowered, offers a reclining surface of 1.50 metres for maximum freedom of movement and is easy to get in and out of.

Kitchen comfort

Enjoy cooking in luxurious surroundings.

1 Ample space for cooking

The corner kitchen design allows space for several cooks. The superior solid-surface worktop and 6 practical drawers make cooking easier.

2 Amazingly easy to clean

The new sink with solid-surface draining area is easy to clean and its attractive finish is a boon for kitchen chores.

3 Useful storage

The pull-out shelf for kitchen appliances is a very practical feature of the new luxury gourmet kitchen, and is ideal for stowing all kinds of appliances.

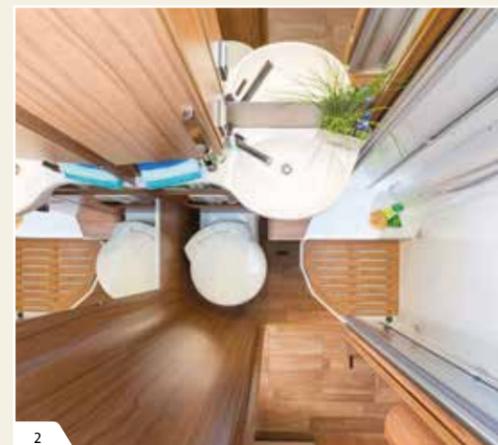

4 Standard chilling

The spacious Smart-Tower refrigerator has a capacity of 142 litres plus a 15-litre freezer compartment, giving you greater convenience and independence.

Bathroom comfort

Plenty of luxury in the bathroom area too.

1 Dual function

The shower and wash area are separate in the bathroom of the B 704 PremiumLine. Thanks to a fixed door, this room can also be used as a dressing room.

2 Cool Glass

A separable shower and practical swivel toilet in the B 588 PremiumLine are decidedly worthy of the term "comfort bathroom". The wash basin consists of high-quality Cool Glass.

3 Home-from-home comfort

Numerous details and accessories such as the tooth mug holder on the wall or the elegant tap reproduce the feel of your bathroom at home.

4 Feel-good shower

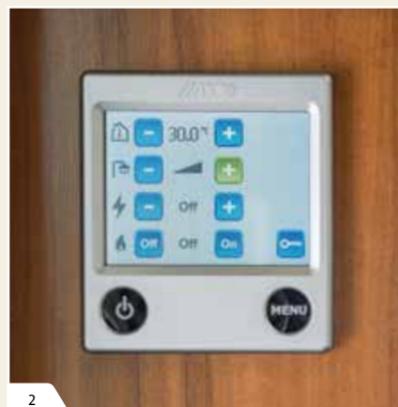

The spacious bathroom in the B 598 PremiumLine makes showering a real pleasure – also optionally available with slatted wooden floor.

Extra comfort to order

Want to add a more personal touch of class to your HYMER motorhome? There is a wealth of attractive extras available to customise your van. Below are just a few of them – your HYMER dealer will be happy to provide details of the full range.

6

1 Clear view in winter

The heated front windscreen consists of two panes with almost invisible wire heating elements, ensuring a clear view within minutes when the engine is switched on.

2 Hot-water heating

As a high-quality alternative to hot air heating, the ALDE hot water heating system with its numerous convectors provides a particularly pleasant warmth. The system is also available with an energy-saving heat exchanger on request.

3 Comfy seating

The seat heating for both seats in the cab area is a boon in colder regions for relaxed driving. As an added benefit, the backrest is heated at the same time. The seat heaters have a handy individual electronic control system.

4 Relaxed driving

The Fiat Comfort-Matic combines the precision of a 6-speed gearbox with the comfort of an automatic. The gears can be changed either manually, by tipping the selector lever, or fully automatically – with optimised function and fuel consumption.

5 Electric fold-down bed

The 1.50 metre wide fold-down bed above the cab can be raised and lowered electrically with minimal effort. The switch for the jolt-free electric drive is integrated in the front of the bed and can be reached from the living space with ease.

6 Baking and roasting

The Thetford Aspire hob and oven combination offers home-from-home cooking convenience. From baking to grilling to cooking, it caters to every culinary desire – and the individual components are very easy to clean.

* Data not yet confirmed on going to press.

Standard chassis:
Fiat AL-KO Ducato

In HYMER motorhomes the overall length and width, unladen and laden mass are optimally adjusted to the AL-KO chassis.

Note

This brochure describes the series status at the time of publication. Despite careful checking of the contents, misprints cannot be ruled out. We reserve the right to modify the equipment or make product improvements during the course of the model year. Before signing a sales contract, please ask one of our authorised HYMER dealers about the current product and series status.

Some vehicles are shown with optional extras which are quoted in the current price list and available at extra cost. The decoration shown is not supplied by HYMER. The details of scope of delivery, appearance, performance, dimensions and weights are valid at the time of going to press – deviations within the factory tolerance limits (max +/- 5%) are possible and permissible.

These data comply with European homologation regulations, which may change up to the time of vehicle purchase or delivery. Your HYMER dealer will gladly provide information on any changes and the standard scope of delivery.
