## Carado mattress topper

For the Carado topper, we use a Visco foam that has been specially developed for your needs. It is breathable, quickly absorbs moisture and dissipates it to the centre layer as well as to the side. Even when exposed to limited weight, the foam adapts to the body shape and provides a pressure-relieving effect. This ensures improved blood circulation and a high level of lying and sleeping comfort.

The mattress topper is always an excellent solution if you enjoy sleeping on a soft mattress.

- Outer fabric material: 100 % polyester  
Filling material: Visco foam
- Available for all Carado vehicles from model year 2012 onwards.

## Carado child's bed

The completely redesigned bed fits into all Carado vehicles with a Fiat cab and can be assembled in a matter of minutes. The metal frame (included in the scope of delivery) is simply inserted into the passenger seat rails and supports the mattress. The mattress has been adapted to perfectly fit the shape of the dashboard and provides excellent sleeping comfort. The perfect fit shape also prevents cuddly toys and other items from following into the footwell.

The bed can be fully assembled and disassembled inside the vehicle with the doors closed.

- Outer fabric material: 100 % polyester / synthetic leather  
Filling material: polyether polyurethane foam

# 2871666 299 €

## Carado bedspread set

The tailor-made Carado bedspread and two matching decorative cushions add an extra touch of comfort and style to the motorhome's interior.

- Available in light and dark colour combinations
- Washable at 30°C, not suitable for the dryer
- Material: 100 % polyethersulfone (PES)
- Available for all Carado vehicles from model year 2016 onwards.

## Carado protective covers for cab seats

These high-quality protective covers can brighten up your vehicle's interior. The set includes one pair of protective covers (2-piece) complete with separate covers for the backrests and seats as well as 2 pairs of armrest covers. All upholstery materials are 100% polyester and lined with a sliding polyester fleece for easier assembly. The backs of the covers are lined with 4 mm breathable foam which enables body heat to be dissipated towards the rear and enable the covers to stay pleasant on the skin while in use, even on long journeys. The seams are particularly tightly stitched and are additionally reinforced in the entrance area so that they do not become detached over time.

## Carado exterior insulated screen cover

On the one hand, this high-quality exterior insulated cover provides ideal thermal insulation for your winter holiday and on the other offers effective protection against strong sunlight in summer. Special features include its extremely durable material and user-friendly attachment.

For winter use, the exterior insulated cover increases the surface temperature on the inside of the screen, significantly reducing the risk of condensation build-up within the vehicle. In summer, the closed screen cover prevents sunlight from entering through the windows to stop the build up of heat inside the motorhome.

- For all Integrated models from model year 2018 onwards
- The fabric cover remains flexible down to -30°C
- The front section features a Velcro fastener to be opened when required

## Carado Camper Van foldable insulated thermal cover for rear doors

The foldable insulated rear cover is made of an approx. 8 mm thick insulated foam which fits tightly to the Camper Van exterior body on the Fiat Ducato Basis. A beige polyester velour is visible inside the motorhome from the living and sleeping area. The cover is fastened using strong magnets sewn into the cover to ensure a secure hold. The rear insulated cover is tailor-made to all Camper Van models.

# 2871651 229 €

## Carado Camper Van mosquito net for rear doors

The mosquito net not only effectively prevents insects entering the vehicle, it also ensures unrestricted air circulation. Assembly is child's play thanks to the welded-on magnets and flexible magnetic strips sewn onto the net. The 2-way zips are practical for entering the vehicle and opening and closing the net from both the inside and outside. The net is made from a fine-meshed, flame-retardant polyester fabric to offer excellent outside visibility and air circulation. The mosquito net reflects up to 65% of sunlight while significantly reducing heat build up inside the vehicle. This product was exclusively designed for our Camper Van series.

# 2871648 229 €

## Carado suction holder for shower head

The Carado shower head holder is a practical aid for showering and can be attached to any smooth surface to fit individual body sizes. It is very easy to attach and offers an extremely strong suction and hold. The cover is manufactured from high-quality stainless steel and is engraved with the Carado logo. The stainless steel makes the shower head holder fully weatherproof and corrosion resistant. When mounted correctly, the suction holder can stay affixed for several days without re-attachment. Its flexible attachment options make this item a must-have for your motorhome.

- Diameter of suction cup: 5.5 cm
- Holding force: 8 kg

# 2872117 49 €
