ERIBA

60 YEARS OF PIONEERING SPIRIT

In the beginning was the original “Troll”. The first masterpiece of motorhoming, built by Erwin Hymer and Erich Bachem, was the first chapter in an incomparable history. In recent decades, HYMER has left its mark on the motorhoming industry like no other manufacturer. Innovation, passion and tradition have also made ERIBA what it is today: one of the most popular and successful brands for discerning caravan enthusiasts. To celebrate its 60th anniversary, there are now two very special models: the ERIBA Nova GL and the ERIBA Exciting with many new features and highlights at highly attractive prices.

60 YEARS PROGRESS

A FEAST FOR THE EYES.

The anniversary model of the ERIBA Nova GL is impressive with its unrivalled comfort and unbeatable practicality. Its rear with the new multifunctional rear light that uses LED hybrid technology gives it a distinctive appearance, its body shell design is first class, and it goes without saying that it's suitable for use in winter. The tried-and-tested raum⁺system ensures more space and freedom of movement in the living area.

THE HIGHLIGHTS

- 01** “60 Edition” furniture style collection: bright, modern, Chiavenna Walnut furniture finish, bi-colour flaps (top: high-gloss coffee colour, bottom: Iguana silver) and handles in black chrome
- 02** Kitchen worktop and tabletop in “Soft frosted glass” laminate with anti-fingerprint surface: modern glass look, easy-care
- 03** “Janeiro” or “Cusco” fabric with single colour design, shown here: “Janeiro”
- 04** Double pleated blinds on all windows combine the benefits of a double blind with those of a multifunctional blind: insect screens and pleated blackout blinds all in one. Ventilation, screening, protection from insects.
- 05** High-gloss wall covering in the kitchen: kitchen splashback covered with acrylic glass, kitchen cabinets also in high-gloss coffee colour
- 06** U-shaped seating group with “round” corners and modern button design
