

The new ERIBA Troll 530 “Rockabilly” and “Ocean Drive”:

MAKING THE WORLD *more colourful*

ERIBA

ROCKS
every trip

Intelligent kitchenette and fold-out kitchen worktop extension.

Travel back to the future! A retro chic design with intelligent and technically sophisticated details, leaving nothing to be desired! With its vibrant colour scheme, the kitchen has an immediately welcoming American diner charm. Soak up this truly special lifestyle on the comfortable upholstery featuring a high backrest. The exclusive interior in the sleeping area and bathroom also makes each trip an unforgettable experience.

Exclusive bathroom with a hinged window.

THE ERIBA TROLL 530 *Rockabilly*

This ERIBA caravan is a rolling ode to the way of life and beat of the 1950s. This is reflected both in the iconic styling and stunning paint finish. Red underneath and white on top, the Troll 530 Rockabilly seizes upon the classic vehicle design and colours of a long since forgotten era, transforming every trip into a small journey back in time.

Diner-style lounging and dining.

THE ULTIMATE DRIVE *whatever the ocean*

Amazing space, amazing retro design!

THE ERIBA TROLL 530 *Ocean Drive*

Miami Beach says hello. The ERIBA Troll 530 Ocean Drive invites you to revive the beach feeling of the 1950s. The compact design and stunning paint finish in particular transform what is already a cult caravan into a real head-turner. The combination of sea blue and white reflects pure retro style at the very first glance. You won't just find yourself on the beach daydreaming of being far away; you'll feel like you're right there in Miami!

The vibrant colour scheme is reflected in the high-quality upholstery.

Every hour is "Happy Hour" here thanks to the worktop extension and optional sink cover.

Everything in its place – thanks to the towel rails and height-adjustable mirror.

Although the exterior appearance and colour scheme of the ERIBA Troll 530 Ocean Drive is a clear advertisement of the vehicle's perfect retro charm, which is continued inside the vehicle, the ERIBA caravan has an ultra modern vibe. Just like the Rockabilly, the exclusive interior in the sleeping area, kitchen and bathroom satisfies the most discerning requirements where comfort and functionality are concerned. Welcome to your very own diner!

THOUGHTFULLY PLANNED

down to the last detail

UNIQUE DESIGN PRINCIPLE BASED ON AIRCRAFT ENGINEERING

The unique design, based on the steel frame, which has its origins in aircraft design, has been around for over 60 years now. The extremely sturdy lightweight vehicle is a model of efficiency – the reason for this is the aerodynamically designed front section with its rounded shape. This body shape – unique in caravan construction – boasts a timeless elegance and comes with numerous benefits: lower air resistance for better fuel economy, much improved driving safety and optimal roadholding characteristics. With this compact touring pro, you can now holiday with greater safety, economy and – not least – style. The outer skin is made of smooth aluminium, and the reinforced pop-top roof of hail-proof GRP.

THE HIGHLIGHTS

- Streamlined tubular steel construction
- Low height on the road (226 cm)
- Anti-sway coupling with automatic overrun device and automatic reversing mechanism
- Pop-top roof with 26 mm sandwich insulation and 1.95 m headroom
- Automatic brake adjustment
- High degree of driving stability with perfect roadholding characteristics

Note

This brochure describes the series status at the time of publication. Despite careful checking of the contents, misprints cannot be ruled out. We reserve the right to modify the equipment or make product improvements during the course of the model year. Before signing a sales contract, please ask one of our authorised HYMER dealers about the current product and series status. The details of scope of delivery, appearance, performance, dimensions and weights of the vehicles are valid at the time of going to press – deviations within the factory tolerance limits (max. +/- 5%) are possible and permissible. These data comply with European homologation regulations, which may change up to the time of vehicle purchase or delivery. Your HYMER dealer will gladly provide you with information on any changes and the standard scope of delivery.
