# The Pioneer

*Erwin Hymer* (\* 27 July 1930 † 11 April 2013), a leading figure of the European caravan and motorhome sector.

## Inventor, visionary, entrepreneur

*Erwin Hymer wrote camping history by turning his group of companies into the European market leader.*

Technical know-how, the pioneering spirit of the entrepreneur and a healthy dose of ambition and hard work – all of these were typical of Erwin Hymer. From small beginnings, the company founder, who passed away in April 2013, created a group of companies which now ranks among the leading motorhome and caravan manufacturers in Europe and is active worldwide.

As a young engineer, Erwin Hymer followed his parents' calling, and began working in his father Alfons' repair shop in the southern German town of Bad Waldsee in 1956. Just one year later, he developed the first caravan – the original "Troll" – in collaboration with the engineer Erich Bachem. And thus began a new era! The next decisive step came in 1971 with the launch of the first HYMER motorhome – a key milestone in our long corporate history!

A wide variety of series, models and layouts has been built over a period of 60 years.

Many of the motorhomes and caravans set standards and ushered in new trends – especially in terms of technology, comfort and design, as well as quality and safety. For our founder Erwin Hymer, incorporating customers' wishes into the development of new and improved vehicles was always a matter of principle.

For decades, Erwin Hymer's inventiveness and ceaseless creativity has shaped the entire industry. His whole life's work provides us with a model for future corporate decisions.

As a result, the concept of motorhoming has always been inseparably linked with the name HYMER. The passion and professionalism that goes into the development and construction of our vehicles communicates itself to our customers. We at HYMER are not only proud of 60 years of company history, but also of our employees, who devote their energies and ideas on a daily basis to making "travel in the original" possible.

# Flexible camper vans for more originality.

*The history of HYMERCAR camper vans.*

HYMER opened up a new dimension in motorhoming with the development of the "Caravano" in 1961, and made a name for itself as a manufacturer of camper vans and panel van conversions. This innovative panel camper van enabled the company to extend its success story to the compact leisure vehicle sector. HYMER compact camper vans have become extremely popular due to their manoeuvrability, compact outer dimensions, flexible and well-designed seating arrangements and versatility. That way they can be used not

just for extended holidays or spontaneous weekend trips but also as a transport vehicle or second car for everyday use. These versatile leisure vehicles and camper vans are available with or without bathroom and are now sold under the brand name HYMERCAR. Based on a Fiat or Mercedes-Benz chassis, they come with all modern comforts and can be equipped with a folding or pop-top roof. Available with automatic or manual transmission; you choose the companion you want for travelling or everyday use.

1923

Alfons Hymer begins production of agricultural vehicles.

1957

Erich Bachem ("ERIBA") and Erwin Hymer build the original "Troll", the first caravan.

1961

The first hand-built HYMER motorhome, the Caravano, makes its debut.

1975

The two camper vans 500 and 501 on a Mercedes L 206 D/L 207 base – with caravan-style pop-top roof – usher in a new product category.

1980

The Bedford Blitz-based Hymer T-Class with pop-top roof offers an extra berth thanks to folding bucket seats in the back.

1982

From now on, the camper vans are known as HYMERCARS. The angular HYMERCAR 1 based on the Ford Transit has a strong visual resemblance to American vans.

1983

The semi-integrated Eribacar is a cross between the Renault Trafic transporter and the caravan body of the Touring range.

1985

The new Fiat Ducato-based HYMERCAR 2 is notable for its practical layout with separable washroom and toilet.

1989

The Fiat Ducato-based HYMERCAR 3 is also launched at the same time, featuring a stylish high roof, distinctive longitudinal seats and an extra bed.

The HYMERCAR Van and Family are launched on the market simultaneously, introducing the distinctive corrugated high roof and new floor plan.

1992

HYMER gives its HYMERCAR fleet a makeover, introducing a new duo: the Magic (left) boasts a bathroom, while the Fantasy is notable for its storage space.

1993

Small is beautiful: the less than four-metre-long HYMER Van based on the tiny Fiat Talento is the ideal camper for couples.

1994

The HYMERCAR Fantasy goes out of production; only the Magic remains – and is promptly voted "Motorhome of the Year".

2008

It's the details that count in the relaunched HYMERCAR range, with angled furniture and a folding table providing more freedom of movement.

2011

The new improved model range sets new standards in terms of comfort and spaciousness, featuring a separate washroom with shower and toilet.

2014

The Sydney Drive and Serengeti models boast flexible interior designs and individually organised stowage space.

2015

The ultra-compact HYMERCAR Ayers Rock comes with a comprehensive equipment package and accommodates up to four people.

2016

HYMER wins the "European Innovation Award" with its innovative concept study based on the Mercedes-Benz V-Class.

2016

The first HYMERCAR based on the Mercedes-Benz Sprinter: the Grand Canyon S with car-like vehicle handling.

2017

Visit the Erwin Hymer Museum and discover the world of motorhoming and the greatest routes of all time. [www.erwin-hymer-museum.de](http://www.erwin-hymer-museum.de)

# HYMERCAR Fiat Highlights

## Built-in safety.

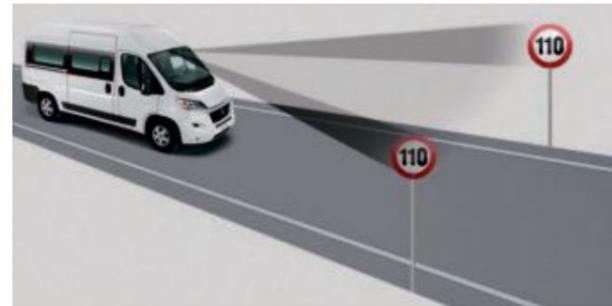

The excellent driving comfort of a Fiat Ducato-based HYMERCAR is complemented by an extremely comprehensive standard safety package, featuring driver and passenger airbags, ABS, TCS und ESC incl. Traction+. Added safety and convenience are provided by electrically adjustable and heated wing mirrors, a daytime running light, hill start assist

and hill descent assist. With its low average consumption, the 96 kW / 130 hp Fiat Multijet II engine is the epitome of sustained, fuel-efficient driving pleasure. The nippy and robust 4-cylinder turbo-diesel engine complies with the Euro 6 and EEV exhaust emissions standards.

**Lane departure warning system**

The lane departure warning system (LDWS) emits an acoustic signal alerting the driver if the vehicle strays outside the lane.

**Traffic Sign Recognition**

The Traffic Sign Recognition (TSR) system alerts the driver to road signs via an on-board display.

**Driver's cab seats**

The captain chair-style cab seats with integrated headrests offer maximum comfort and can be rotated by 180°.

**Multifunctional steering wheel**

The radio and other connected devices can be conveniently operated via the adjustable multifunctional steering wheel.

**LED daytime running light**

The headlights incorporating LED daytime running lights generate 40% more luminescence for improved passive safety by day.

# HYMERCAR Mercedes-Benz Highlights

## Built-in dynamics.

The Mercedes-Benz Sprinter-based HYMERCAR comes with an extensive safety package as standard. The electronic stability control package includes an anti-lock braking system (ABS), traction control system (TCS), electronic brake force distribution (EBD) and hydraulic brake assist system (BAS) Also included are the latest generation adaptive electronic

stability program (ESP), load adaptive control (LACS), roll-over mitigation and roll movement intervention (ROM/RMI), enhanced understeering control (EUC) and trailer stability assist (TSA). Even greater driving safety in wet and rainy conditions is ensured by the automatic Brake Disc Wiping and Electronic Brake Prefill systems.

**7G Tronic automatic**

The fuel-optimised 7-speed automatic transmission 7G-TRONIC PLUS guarantees a smooth drive and is available as an option.

**Crosswind Assist**

The standard crosswind assist helps keep the vehicle in lane in strong winds thanks to automatic braking interventions.

**Lane departure warning system**

The lane departure warning system sends acoustic and visual signals to the driver if they unintentionally leave their lane. This helps reduce the risk of accidents caused by falling asleep at the wheel.

**Blind Spot Assist**

The optional blind spot assist alerts the driver to vehicles in their blind spot via visual and acoustic signals.

**Four-wheel drive**

An optional driver-engageable four-wheel drive, greater traction, improved driving stability and the latest generation of ADAPTIVE ESP® means you can master major challenges however rough the weather and road conditions.

# HYMERCAR Fiat without bathroom

*Like a second car*

The HYMERCAR model range comes in two product lines: one with fully glazed windows and no bathroom, the other with aluminium-framed windows plus bathroom. The bathroomless model, the HYMERCAR Sydney, is characterised by a flexible seating concept comprising 3, 4 or 5 seats. It also has extra storage capacity thanks to removable furniture. And a portable toilet gives you even greater independence on your travels. With its car-like dimensions and intelligent storage space concept, the HYMERCAR Sydney therefore makes an ideal multifunctional vehicle for the whole family. Contributing to the high level of comfort in the HYMERCAR van are the comfort sleeping system of all the beds and the sound-absorbing, fabric-lined wall and ceiling coverings.

• HYMERCAR Sydney page 14

Diesel heater

Comfort sleeping system with disc springs

190 Ah leisure battery

Lashing rails for optimum, flexible fixation

Up to 5 seats

Pop-top roof with hinged and folding double bed as standard

# Living area, kitchen, storage & sleeping

The bathroomless HYMERCAR Sydney is a true all-rounder, ideal for camping holidays, weekend getaways or simply getting around town. The versatile seating concept makes it a multifunctional vehicle for the whole family, and an ideal second car.

The modern kitchen range offers plenty of space for cooking and washing up. The extra-deep drawers with high-quality self-closing mechanisms allow convenient storage and easy access to cooking equipment such as pans and crockery.

As an adaptable 5-seater version with driver and passenger seat, double bench seat and removable fifth seat, the HYMERCAR Sydney offers first-class seating comfort whether on the move or at rest.

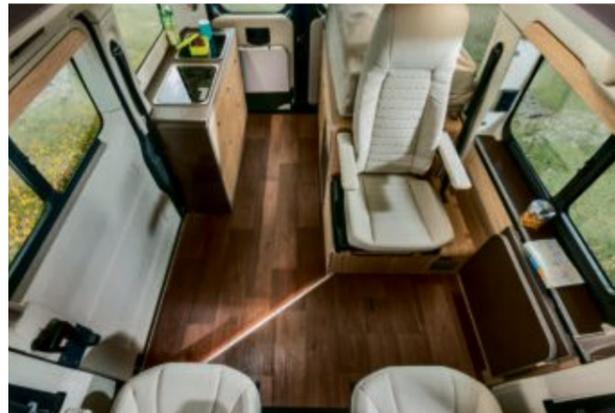

Sleep longer: HYMERCAR guarantees a comfortable sleep for travellers over 2 metres tall. By simply fitting a support bracket over the folded-down table, you can create a longitudinal bed with a length of 2.4 metres.

Generous interior for cosy get-togethers: the Sydney with 2.65 metre headroom and adjustable table.

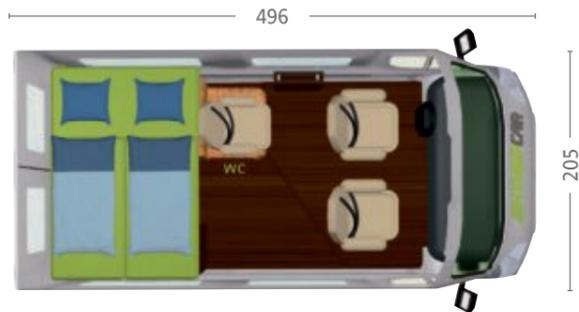

More flexibility with the optional removable cabinet and optional 46-litre compressor cool box.

The standard version of the HYMERCAR Sydney is a 3-seater with bucket seat including armrests.

HYMERCAR Sydney

★ Highlights:

- Large pop-top roof as standard with a 202 x 150 cm bed
- Folding table, adjustable size
- Rear transverse bed 194 x 129 cm
- All berths have a comfort sleeping system with disc-spring bed frames and cold foam mattresses
- Diesel heater 4 kW
- 190 AH living area battery
- 65-l compressor refrigerator

# HYMER tops the promobil READERS' POLL 2017:

- 1 Highest resale value of all brands
- 1 Best aftersales service
- 1 Best workmanship
- 1 Highest reliability

# HYMERCAR Fiat with bathroom

*Creature comforts.*

The HYMERCAR model range comes in two product lines: one with fully glazed windows and no bathroom, the other with aluminium-framed windows plus bathroom.

The models with bathroom are designed as a 4-seater. They are equipped with a comfortable compact bathroom with folding washbasin and fixed toilet. A further advantage is the unique pop-top solution which turns the models into proper 4-berth models. The comfort sleeping system and the sound-absorbing, fabric-lined wall and ceiling coverings contribute to the high level of comfort.

- **Ayers Rock** *page 22*
- **Grand Canyon** *page 23*

- **Sierra Nevada** *page 26*

4 kW warm air heating  
with hot water boiler

Comfort sleeping  
system with disc springs

Insulated aluminium  
framed windows

Sockets  
3 x 12V; 5 x 230V;  
1 x USB

Lashing rails for  
optimum, flexible  
fixation

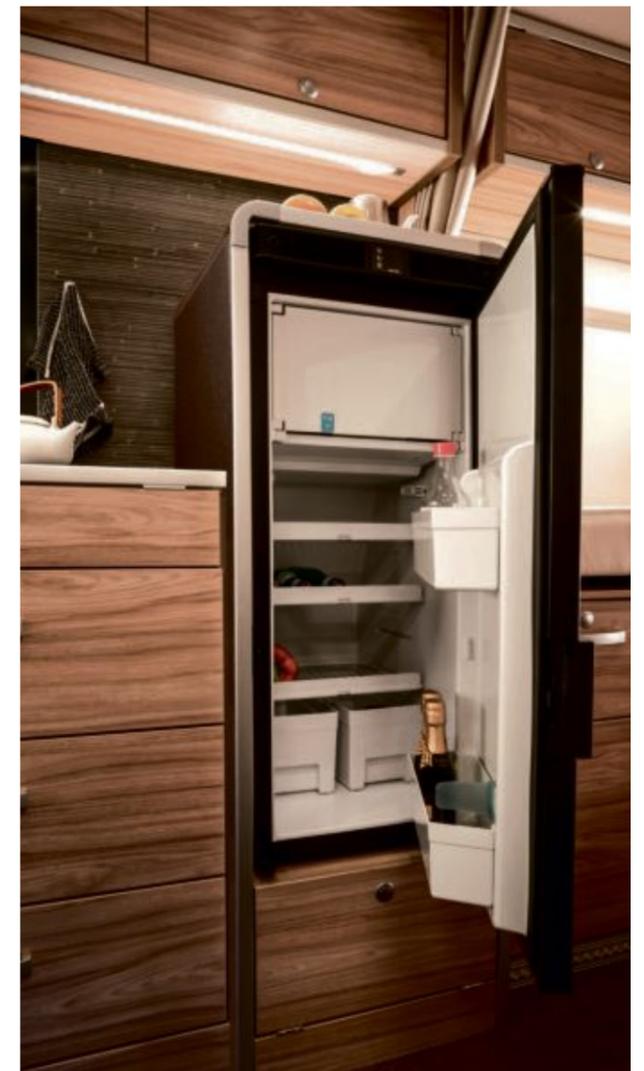

Pop-top roof (optional)

# Living area and kitchen

The generously designed seating area allows plenty of legroom. The folding table in the side wall can be readily adjusted to make the tabletop area larger or smaller. It can also be folded back completely against the wall as required.

The extra-deep double drawers are equipped with high-quality self-closing mechanisms and a large, two-piece cutlery tray.

Modern compressor refrigerators ensure effective cooling however hot it is outside.

The kitchen is fully equipped with a sink unit, an integrated 2-burner gas hob and a 90-litre compressor refrigerator (or 65-litre in the Ayers Rock and Yosemite models). Extra-deep drawers and generous overhead lockers make pottering in the kitchen a whole lot easier.

The mid-height refrigerator helps maintain the generous feeling of space and creates a further storage shelf.

# Sleeping and bathroom

*Quality to indulge all your senses.*

*The modern comfort sleeping system with comfortable cold foam mattresses, high-quality sprung mattress base and attractive fabric-lined wall coverings provides perfect peace and quiet with a touch of luxury.*

*The pop-top roof with integrated bed including comfort sleeping system lets you create a separate bedroom. This area can be reached via a ladder and can be closed off to separate the two areas visually.*

*The compact bathroom is equipped with a large, stylish folding washbasin in superior-quality solid surface material. The tambour door takes up no room even when open, thus leaving the gangway clear.*

*The washroom is multifunctional, allowing you to turn the compact bathroom into a wardrobe in an instant.*

The modern compressor refrigerator has plenty of space to keep you in chilled drinks, however hot the weather, and is easily reachable from the kitchen or seating area.

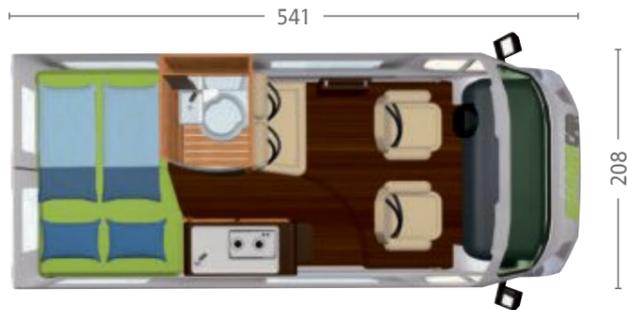

The high-volume (90 l) compressor refrigerator provides plenty of space for chilling drinks, and can be easily reached from the seating area.

A kitchen counter extension can be fitted to the cabinet or the refrigerator to provide an extra work surface.

There is additional storage space under the refrigerator for keeping further supplies to hand.

HYMERCAR Ayers Rock

★ Highlights:

- Rear transverse bed 196 x 138/123 cm
- Large optional pop-top roof with 200 x 135 cm bed
- Folding table, adjustable size
- Bathroom with folding solid-surface washbasin and mirror cabinet
- Clothes rail over transverse bed
- 65-l compressor refrigerator

HYMERCAR Grand Canyon

★ Highlights:

- Rear transverse bed 196 x 152/140 cm
- Large optional pop-top roof with 200 x 135 cm bed
- Folding table, adjustable size
- Bathroom with solid-surface folding washbasin and mirror cabinet
- Full-length wardrobe
- 90-l compressor refrigerator

Wardrobe or storage space: the roomy washroom is multifunctional and adaptable to your needs.

HYMERCAR Yosemite

★ Highlights:

- Single beds 197 x 119 and 182 x 77 cm
- Large optional pop-top roof with a 200 x 135 cm bed
- Folding table, adjustable size
- Bathroom with folding solid-surface washbasin and mirror cabinet
- Clothes rail over rear bed
- 65-l compressor refrigerator

	Dimensions (LxWxH)	Mass in running order	Payload / O*	Seats	Berths / O*
Yosemite	599x208x255 cm	2,915 kg	385–1,085* kg		+ *

\*O = optional extras

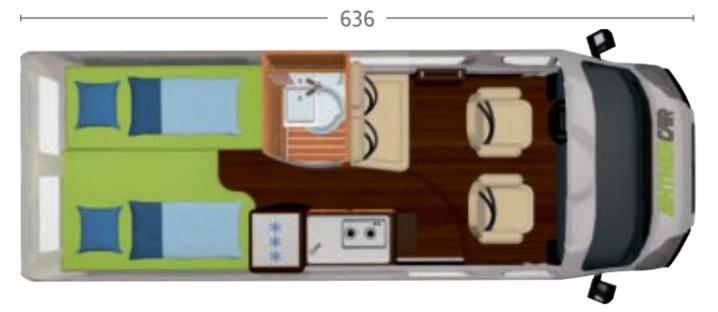

Home-from-home sleeping comfort: HYMERCAR has single beds up to 205 cm in length. The HYMER comfort sleeping system with its high-quality sprung mattress base maximises the benefits of the multi-zone cold foam mattress. Each part of the body is supported with the ideal counter-pressure for snug and restful sleep.

An optional warm-air hose serves to heat the pop-top roof area in the HYMERCAR.

HYMERCAR Yellowstone

★ Highlights:

- Single beds 205 x 77 and 187 x 119 cm
- Large optional pop-top roof with 200 x 135 cm bed
- Folding table, adjustable size
- Bathroom with folding solid-surface washbasin and mirror cabinet
- Clothes rail over bed
- 90-l compressor refrigerator

Driver-engageable four-  
wheel drive (optional)

# Living area and kitchen

*Exclusive inventory for a unique holiday experience.*

*Versatile: the large folding side table in the Grand Canyon S opens up to provide an ample surface. What's more, it can be partially collapsed or folded away completely as required, so you don't have to store it separately while on the move.*

*The compact kitchen unit in the HYMERCAR Grand Canyon S has generous work surfaces and plenty of extra-deep drawers with high-quality soft-close mechanisms and ample space for pots and pans or crockery. All you need to prepare even the most elaborate meals! The practical hooks on the side of the kitchen cabinet are ideal for keeping tea towels handy.*

*The large compressor refrigerator in the Grand Canyon S with integrated freezer compartment has a capacity of 90 litres.*

*The practical cooker / sink combination with two burners is space-saving yet functional. When the glass lid is folded down, it becomes a large work-top or shelf surface.*

All HYMERCAR models are equipped as standard with the comfort sleeping system, consisting of high-quality disc spring bed frames and cold foam mattresses. Thanks to the extra body width, the HYMERCAR Grand Canyon S has a particularly generous interior allowing for a large 195 × 140 cm bed.

The central part of the rear bed can be simply folded up out of the way – without having to tidy away the bedding.

# Sleeping and bathroom

*The comforts of a world-class hotel.*

The shelf is equipped with practical elastic straps to keep all your bathroom accessories handy and secure.

The roomy compact bathroom in the Grand Canyon S is lavishly and practically equipped – with a folding designer washbasin in solid surface material plus a modern bench toilet complete with level indicator and toilet roll holder.

With a driver-engageable four-wheel drive, increased traction, improved driving stability and the latest generation ADAPTIVE ESP®, you can master any challenge, no matter how rough the weather and road conditions.

The modern comfort sleeping system with comfortable cold foam mattresses on the rear bed offers perfect peace and quiet with a touch of luxury and additional under-bed storage.

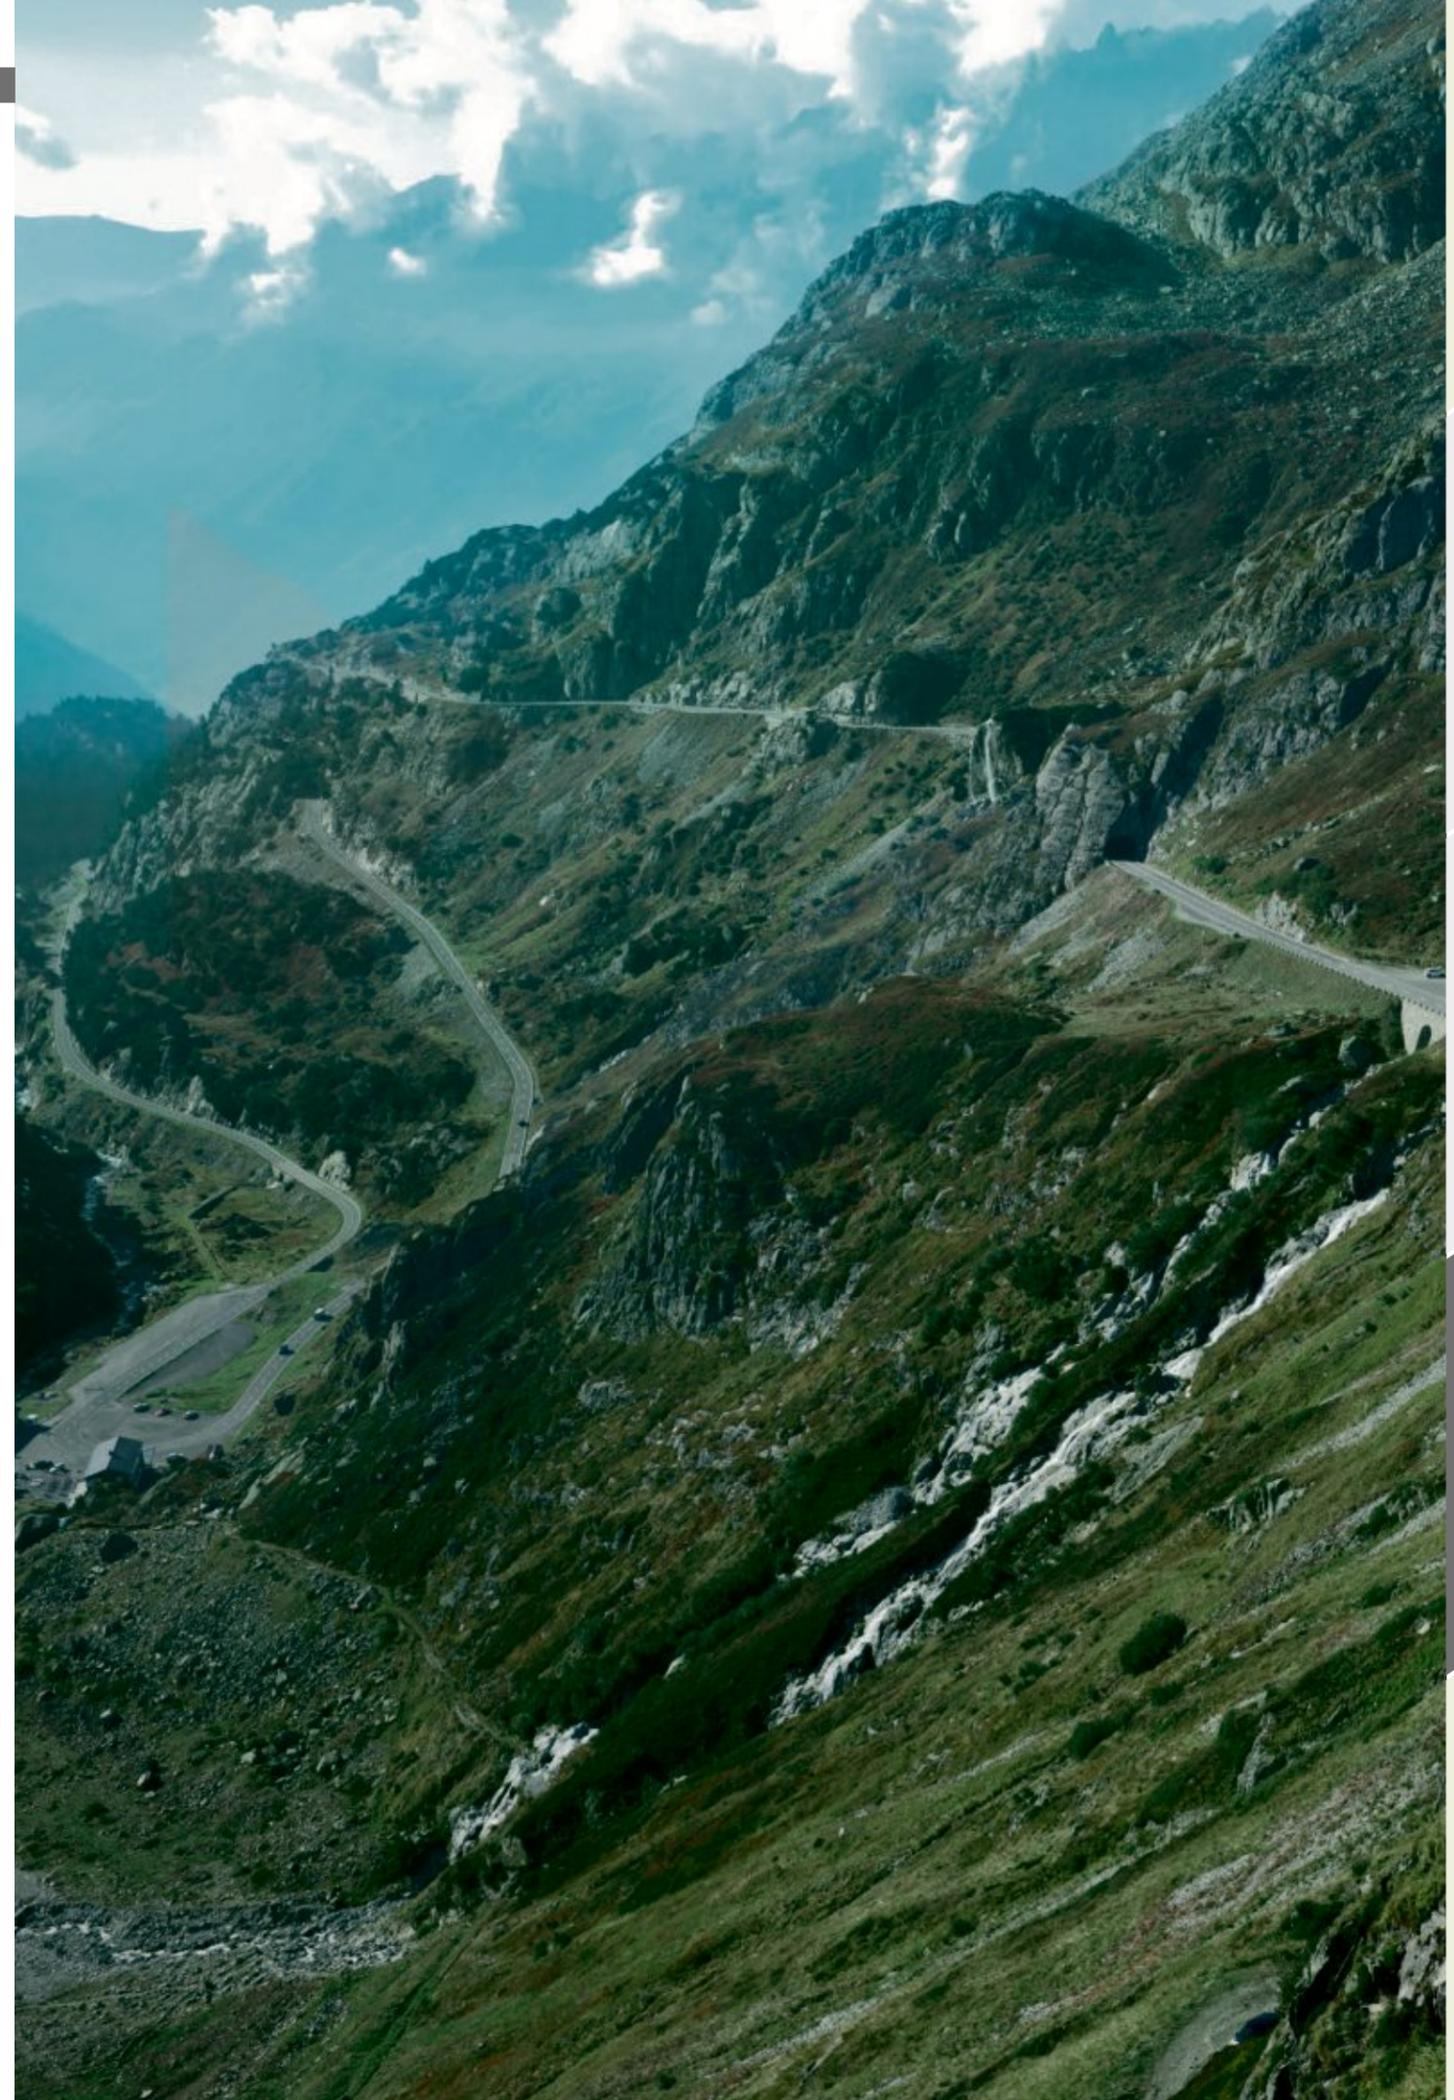

HYMERCAR Grand Canyon S 

★ **Highlights:**

# HYMER Original Parts & Accessories

*A perfect match.*

Discover the wide range of innovative solutions available in the categories interior, exterior, travel and transportation. With HYMER Original Parts and Accessories, you can rest assured you've made the right choice: a perfect fit, impeccable workmanship and original quality. HYMER Original Parts and Accessories are not available direct from the factory, but are ordered and retrofitted exclusively via your HYMER dealer. You can find the full range of HYMER Original Parts & Accessories on the internet at [www.hymer-original-zubehoer.com/en](http://www.hymer-original-zubehoer.com/en)

*Secure storage*

Bikes can be securely attached to the interior cycle rack. RadFazz support rails can be ordered separately.

*Don't forget your bike!*

The exclusive bicycle rack system is mounted in a flash, without the need for conventional support rails.

*All on board ...*

The rear-mounted Atera bicycle rack attached to the tow bar lets you open both rear doors even when loaded.

*Made to measure*

The cabin floor mat is made from polypropylene tufted velour with nubuck look edging and bears the Original HYMERCAR branding.

*For young sleepyheads*

The HYMERCAR child's bunk measures 160 x 70 cm and can be easily assembled in the cab. Available for both Fiat Ducato and Mercedes-Benz Sprinter.

*Insect blocker*

The mosquito net provides effective protection against insects in the vehicle while allowing air to circulate freely. Easily attached with magnets. Available for HYMERCARS on Fiat Ducato or Mercedes-Benz Sprinter base.

*Keep the cold outside*

The folding rear insulation with window cut-outs keeps you warm in winter. Easily attached with magnets. Available for HYMERCARS on Fiat Ducato or Mercedes-Benz Sprinter base.

*All-round protection*

The 4-part sleeping roof insulation is fastened in place with Velcro. The front section can be opened for air circulation and to let in light.

*Luggage rack*

Surfboard, kayak or dinghy – anything you can't fit inside the vehicle can go on the roof rack.

*Like sleeping on air*

The original HYMER fitted sheet is a perfect fit and, like the mattress topper, is available for all bed types.

*Personal touch*

The dashboard decor is sporty and made to measure. Available in a burl wood or silver finish.

*The perfect fit*

The 3-piece interior insulation for the cab seals tightly to the window contours and can be fitted in no time.

# The global HYMER dealership and service network
