ERIBA

60 YEARS PIONEERING SPIRIT

In the beginning was the original "Troll". The first masterpiece of motorhoming, built by Erwin Hymer and Erich Bachem, was the first chapter in an incomparable history. In recent decades, HYMER has left its mark on the motorhoming industry like no other manufacturer. Innovation, passion and tradition have also made ERIBA what it is today: one of the most popular and successful brands for discerning caravan enthusiasts. To celebrate its 60th anniversary, there is now a very special model: the ERIBA Touring with many new features and highlights at a highly attractive price.

60 YEARS OF PROGRESS

- 1957**

Erich Bachem ("ERIBA") and Erwin Hymer build the original "Troll", the first caravan.
- 1960**

Birth of the ERIBA Touring models Puck, Faun and Troll followed by Pan, Familia, Triton and Titan.
- 1966**

Introduction of the ERIBA Nova model range.
- 1976**

Launch of the Eribette, a compact alternative to the ERIBA Touring built of wood.
- 1978**

The innovative PUAL body shell is developed and proves its stability.
- 1980**

ERIBA and HYMER merge to form ERIBA-HYMER GmbH.
- 1998**

The ERIBA Moving model range sets new standards in caravan design with its round body shape.
- 2004**

The redesigned ERIBA Nova is the most modern caravan on the market.
- 2005**

The ERIBA Feeling is developed as a modern pop-top roof caravan.
- 2011**

Opening of the Erwin Hymer Museum opposite the company headquarters in Bad Waldsee.
- 2012**

The model range is supplemented with the ERIBA Exciting, for young campers.
- 2013**

The ERIBA Nova Light combines the compact outer dimensions of the ERIBA Feeling with the comfort features of the ERIBA Nova.
- 2014**

The new space-saving models of the Nova range arrive on the scene, strikingly attractive and soundly practical.
- 2016**

Envious glances guaranteed: The ERIBA Nova S has an impressive new exterior design and furnishing concepts borrowed from the world of upmarket hotels.
- 2017**

60 years on the move: ERIBA celebrates its anniversary.

A FEAST FOR THE EYES.

The anniversary model of the ERIBA Touring "60 Edition" features distinctive, two-colour paintwork, which is the absolute highlight of this special model. The lower section of the smooth metal is finished in Crystal Silver, and the upper section in Carrara White. With colour-coordinated bicour rims, this work of art will whisk you away on your holidays.

THE HIGHLIGHTS

- 01 "Grand Oak" furniture style collection: light and modern oak finish, high-gloss, white locker doors with chrome handles.
- 02 Work surface and tabletop with anti-fingerprint coating: modern and easy-care.
- 03 "Janeiro" or "Cusco" fabric with single colour design, shown here: "Janeiro"
- 04 Ergonomic, comfortable cushions with modern button design for extraordinary seating comfort.
- 05 Compact and yet plenty of room on the work surface in the kitchen – the glass lid for the cooker and a sink cover ensure even more space. Crockery, pans and food can be tidily stored away in the cabinet underneath the kitchen counter.
- 06 The bathroom is equipped with a height-adjustable mirror, a shelf with tensioning straps to store utensils, a towel rail and a bench toilet.

ERIBA TOURING

ERIBA Touring

Unique design principle based on aircraft engineering

The unique design, based on the steel frame, which has its origins in aircraft design, has been around for over 60 years now. The extremely sturdy lightweight vehicle is a model of efficiency – the reason for this is the aerodynamic shape of the front section with its rounded design. The body shape – unique in caravan construction – boasts a timeless elegance and comes with numerous benefits: lower air resistance for better fuel economy, much improved driving safety and optimal roadholding characteristics. With this compact touring pro, you can now holiday with greater safety, economy and – not least – style. The outer skin is made of smooth aluminium, and the reinforced pop-top roof of hail-proof GRP.

The highlights

- Streamlined tubular steel construction
- Low height on the road (226 cm)
- Chassis with independent wheel suspension and shock absorbers
- Anti-snake stabiliser with automatic overrun device and automatic reversing mechanism
- Pop-top roof with 26 mm sandwich insulation and 1.95 m of headroom
- Automatic brake adjustment
- High degree of driving stability with perfect roadholding characteristics

Note

This brochure describes the series status at the time of publication. Despite careful checking of the contents, misprints cannot be ruled out. We reserve the right to modify the equipment or make product improvements during the course of the model year. Before signing a sales contract, please ask one of our authorised HYMER dealers about the current product and series status. The details of scope of delivery, appearance, performance, dimensions and weights are valid at the time of going to press – deviations within the factory tolerance limits (max. +/- 5%) are possible and permissible. These data comply with European homologation regulations, which may change up to the time of vehicle purchase or delivery. Your HYMER dealer will gladly provide information on any changes and the standard scope of delivery.
