

HYMER

HYMER Camper Vans 2021

*FOR THE TRIPS
OF A LIFETIME.*

KEEP ON TRAVELLING.

If you are looking for something special, you need a special companion. That's why since 1961 we've been building camper vans that are ready for any adventure. At that time, we opened up a completely new dimension of mobile travel for our customers with our "Caravano" camper van. Today, HYMER camper vans are the perfect vehicles for extended vacations, spontaneous weekend trips or even just driving to the nearest supermarket – thanks to their manoeuvrability and compact dimensions, the flexible and

well-thought-out arrangement of their seats, and their all-round versatility. Our vehicles are based on either a Mercedes or Fiat chassis – the Fiat models are available with or without a bathroom. In addition, we offer the option of a folding or pop-top roof as well as manual or automatic transmission – to suit your individual needs. This ensures your HYMER Camper Van is exactly the vehicle you need for your next adventure.

1957

Erich Bachem ("ERIBA") and Erwin Hymer build the original "Troll", the world's first caravan.

1975

The two camper vans 500 and 501 on a Mercedes L 206 D/L 207 base – with caravan-style pop-top roof – usher in a new product category.

1982

Introduction of the name HYMERCAR. The angular HYMERCAR 1 based on the Ford Transit has a strong visual resemblance to American vans.

2016

The first HYMERCAR based on the Mercedes-Benz Sprinter: the Grand Canyon S with car-like vehicle handling.

2019

New name, same quality: HYMERCAR is now HYMER Camper Vans.

HYMER Free

THE WORLD IS YOUR OYSTER.

Do you like the extraordinary? Do you like to live spontaneously in your free time? The HYMER Free has been developed to precisely meet your needs! Its modern design, spacious interior and high-quality furniture finishes make the HYMER Free the perfect travel companion. It impresses thanks to numerous clever details and a comprehensive range of equipment. For example, two additional berths can be created with the optional pop-top roof. Feel free!

living and
kitchen area

Pleated insect
screen for
the sliding door

Separate
wardrobe

INVITINGLY EXPANSIVE.

TAKE A VIEW.

The large sliding door on the side of the HYMER Free offers splendid views. The standard pleated insect screen also protects you from mosquitoes and other unwelcome guests.

WELL EQUIPPED, WELL PREPARED.

The kitchen area in the HYMER Free is fitted with a cooker/sink combination with a 2-burner gas hob. The cooker and sink can be covered with a glass lid to create a generous work surface. The door of the 70-litre refrigerator has a double hinge and can be opened in both directions as required.

MODULAR ELEGANCE.

The hook-on table in the HYMER Free can be extended quickly and easily thanks to a swivel-mounted tabletop extension.

EVERYTHING IN ITS PLACE.

Extra-deep drawers and the kitchen overhead locker can accommodate plenty of crockery and cooking provisions. The drawers are fitted with high-quality pullouts with self-closing mechanism. Thanks to the worktop extension, the work surface in the kitchen area can be extended in next to no time. Cooking while on the road has never been so much fun!

SLEEP WELL WHILE ON YOUR DREAM HOLIDAY.

SWEET DREAMS.

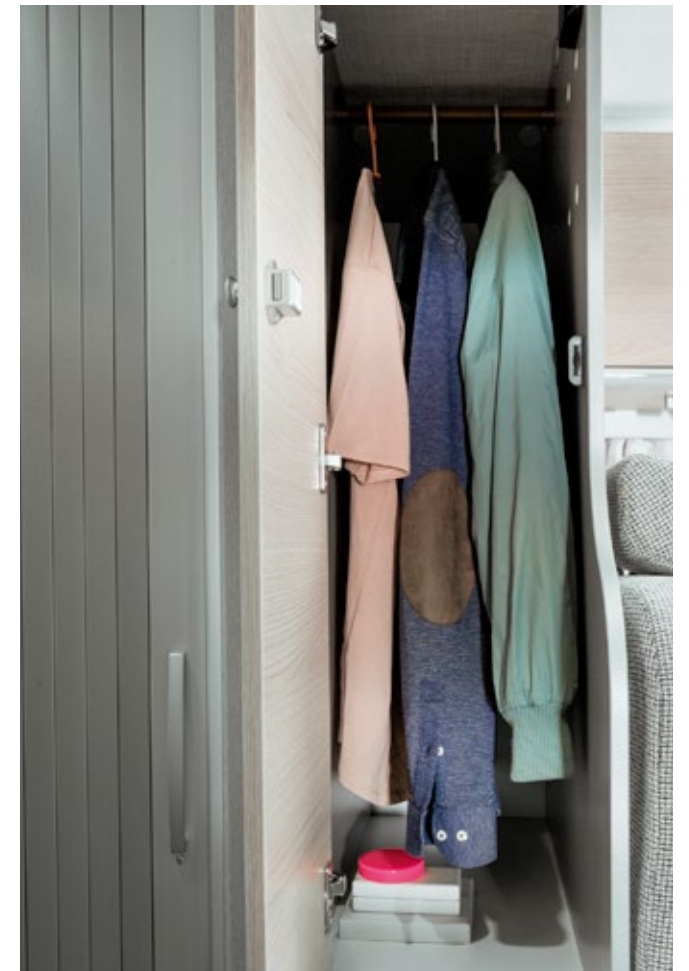

The rear beds in the HYMER Free are equipped with a comfortable cold foam mattress including a comfort slatted frame, guaranteeing a restful night's sleep. The slatted frame in the rear of the HYMER Free can be raised up vertically, leaving a wide gangway for through-loading of even bulky objects, such as bicycles. Your cargo can be kept perfectly secure thanks to the lashing eyelets that are recessed in the upper floor and rear bed.

PRIVATE AND COSY.

The compact bathroom is closed off by a space-saving tambour door. When showering, the shower curtain protects the mirror cabinet, washbasin and toilet from water spray. An all-round drainage channel ensures reliable drainage of the water in the shower tray. Your bathroom accessories can be neatly stowed away in the mirror cabinet above the washbasin. There is also an open shelf for taller items, such as cans of hairspray.

PLENTY OF ROOM.

The floor-to-ceiling wardrobe in the HYMER Free 600 offers plenty of room for all your holiday attire. Items of clothing can be neatly and tidily hung up on hangers in the top section, while the bottom section is fitted with shelves.

EDITION MODEL

The HYMER Free 540 Blue Evolution

MAKE WAVES IN STORM BLUE METALLIC.

Quench your thirst for adventure and independence – with the limited HYMER Free 540 Blue Evolution camper van. Its modern, stylish design incorporates sporty accents: special Storm Blue Metallic paint-work, black pop-top roof, matt black 16-inch rims and LED daytime running lights.

Despite its compact layout with an external length of 5.41 m, it offers up to 4 berths – plus integrated ISOFIX child seat attachment. Inside, you will find a modern interior design in a silver-effect finish, Kitami two-tone upholstery fabric and a floor covering featuring a dark wood design.

There are also additional equipment highlights, such as the new Fiat multimedia system including 7-inch navigation system with touchscreen, Apple CarPlay and reversing camera.

EDITION MODEL

The HYMER Free 600 Campus

**FOR ADVENTURERS.
AND WORKAHOLICS.**

The sporty bicolour paintwork of this compact van makes a convincing first impression. It was developed for people who are willing to reinvent mobile travel in the search for independence and adventure.

The Free Campus offers many additional equipment highlights – for starters, let's continue with the exterior, where additional designer accents are created by the matt black 16-inch light alloy rims and glossy black radiator grille.

Featuring a polished silver effect and white locker doors, the interior boasts an open and bright appearance. Combined with the grey and brown upholstery and the colour-coordinated flooring, a homely atmosphere is guaranteed.

With its capable Fiat Ducato chassis it is the perfect travel companion, offering plenty of room for up to four people thanks to the practical pop-top roof in black – plus ISOFIX child seat attachment for the living area bench.

LAYOUTS FOR THE HYMER FREE MODELS.

A PERFECT MATCH FOR YOUR CAMPER VAN.

The original accessories from HYMER include numerous helpful solutions to make your holiday even more enjoyable. For example, we offer that are specially designed to prevent you from freezing or being bitten by mosquitoes – and to keep your valuables safe from thieves. For more details and additional accessories please visit www.hymer-original-zubehör.com

HINGED REAR INSULATION

Approximately 8 mm thick, this foam insulation is tailor-made and creates a perfect seal against the vehicle's walls thanks to the sewn-in magnets. The side facing the interior is coated in beige polyester velour. The lower half can be folded up for easy access to the rear and also features two windows.

REAR MOSQUITO NETTING

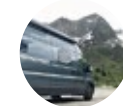

Effectively prevents insects from entering the vehicle while allowing air to circulate. Assembly is straightforward thanks to welded-on magnets and sewn-on, flexible magnet strips. Access to the vehicle is provided via twin two-way zip fasteners.

PASSENGER DOOR SAFE

This safe is not visible from outside and protects your valuables from thieves thanks to special security bolts. Installation behind the original map compartment is easy – with no awkward protruding edges. It offers enough space for all the essential items you need to bring with you on holiday, such as credit cards, mobile phones, identification documents, cash or jewellery.

STAY AT HOME WHILE ON THE ROAD – THERE IS A WAY! THE MAGIC WORD IS "CAMPER".

Sosta surrounded by greenery with a view of the impressive mountains. This view from the roof-tent window when parked in the middle of mother nature would greet us several more times during our road trip: at Passo Tonale, Hafling and Cascade delle Marmore ...

OUR DEFINITION OF FREEDOM

But, for us, freedom also means staying close to the mountains, not taking a fixed route, finding a parking space with a view, exploring your surroundings, putting your feet up and, above all, letting go of your mobile phone. Arriving and driving in an alternating rhythm. True to the motto: we can do anything, but we don't have to.

Read the full travel story and others at:

<https://www.hymer.com/de/en/travel-enjoy/travel-stories>

WHAT DOES FREEDOM FEEL LIKE?

For us, it smells like cypress trees, tastes like pizza, sounds like sea-gulls and is green, white and red. There are three of us: young father and "Bergwelten" author Clemens, mum and van-life fan Conny and our wellness-baby, Oskar.

CIAO, BABY

To be free. Finally, four whole weeks away from the daily grind. The approval letter for one month's parental leave is still lying freshly opened on the table, and our thoughts are already circulating. Head for the hills in search of adventure? Or stay at home and enjoy some peace and quiet? "Why not both?" says Conny, hitting the nail on the head. Stay at home while on the road – there is a way! The magic word is "camper".

First stop: Trentino. Instead of joining the crowd by "Germany's southernmost lake" (i.e. Lake Garda), we opted for the more comfortable "hinterland" (a German word that also exists in Italian!). One of the best views of the impressive Brenta Dolomites can be enjoyed from Lago di Molveno – a cold, clear mountain lake away from the touristy Alpine leisure parks. We parked our van on a convenient Area

HYMER Sydney

LIKE A SECOND CAR.

The HYMER Sydney is characterised by a flexible seating concept comprising 3, 4 or 5 seats. It also offers extra storage space thanks to removable furniture; a portable toilet gives you even greater independence on your travels. With its car-like dimensions and intelligent storage-space concept, the HYMER Sydney is the ideal multifunctional vehicle for the whole family.

LIKE HOME, BUT WITHOUT THE DAILY GRIND.

PLAY.

Generous interior for cosy get-togethers – the HYMER Sydney with 2.05 m headroom and adjustable table.

RELAX.

As an adaptable 5-seater version with driver and passenger seats, double bench seat and removable fifth seat, the HYMER Sydney offers first-class seating comfort – whether on the move or at rest.

INDULGE.

The modern kitchen area offers plenty of space for cooking and washing up. The extra-deep drawers with high-quality self-closing mechanisms are great for storing pans and crockery, for example.

AMPLE SPACE FOR BIG DREAMS.

COMFY BEDS.

Sleep longer: the HYMER models also guarantee a comfortable night's sleep for people over 2 m tall. By simply fitting a support bracket over the table, which can be partially folded down, you can create a twin bed with a length of 2.4 m.

COMFY SEATS.

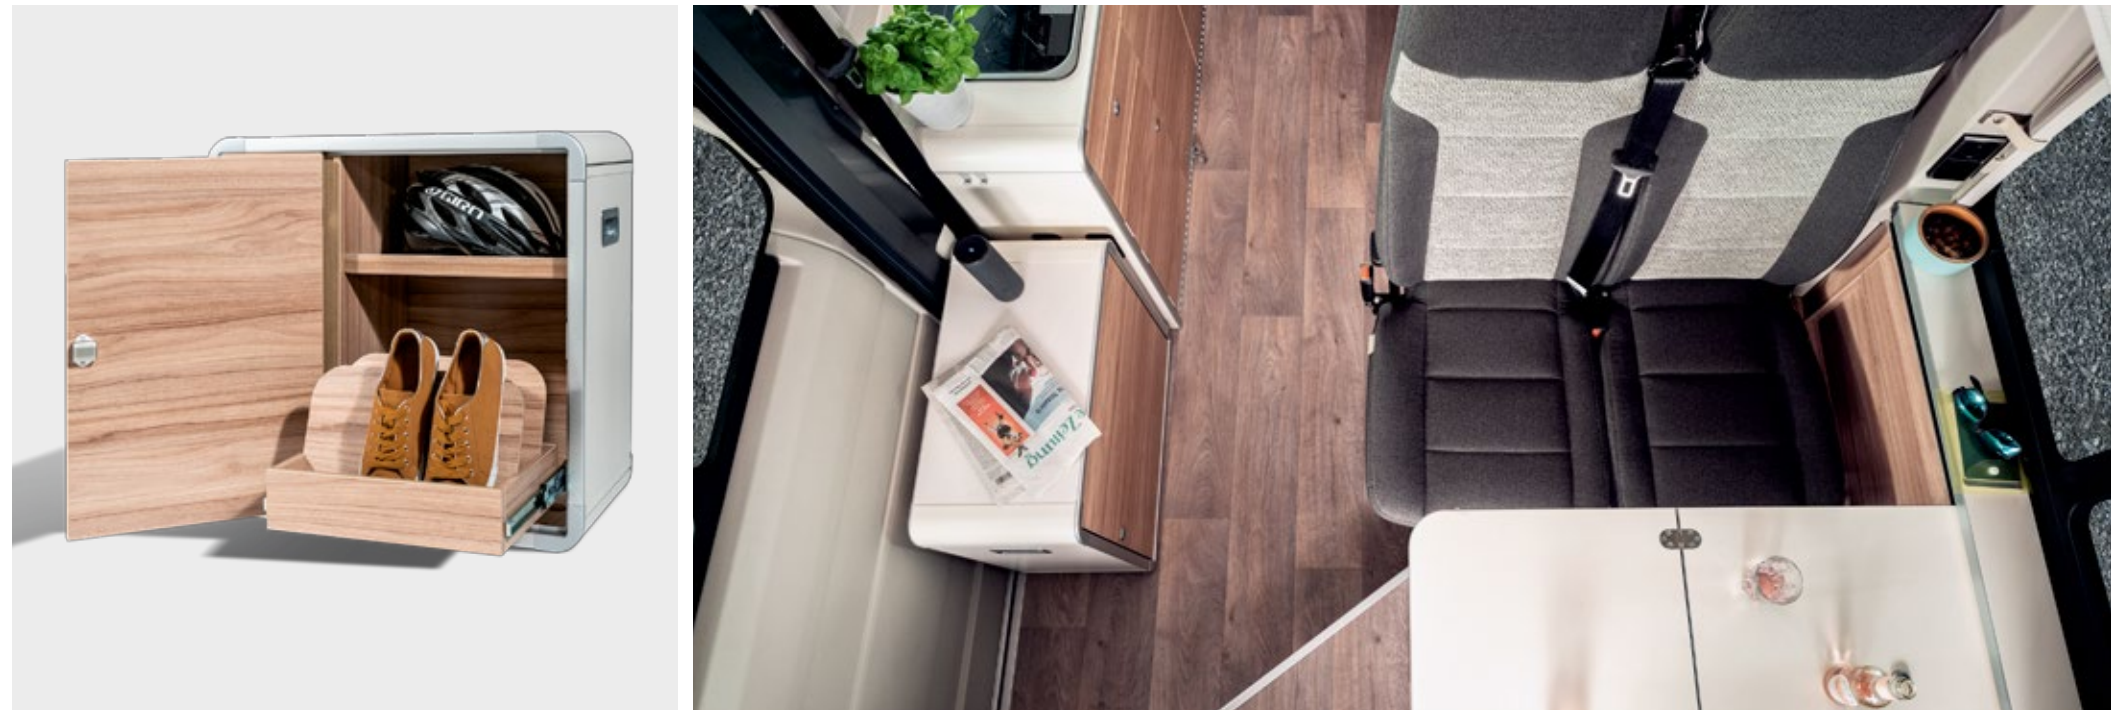

The standard version of the HYMER Sydney is a 3-seater with bucket seat including armrests. The optional 5th seat can also be removed if necessary.

MULTIFUNCTIONAL SIDEBOARD.

Floor plan with greater flexibility – the multifunctional sideboard offers additional storage space including a pull-out shoe compartment. It can be installed instead of the fifth seat in no time at all and fits seamlessly into the modular furniture concept.

FLEXIBLE STORAGE SPACE.

With the HYMER Sydney you don't have to be a "Tetris champion" to accommodate everything on board. Thanks to its intelligent storage solutions it is amazingly spacious. The removable furniture allows the storage space to be increased in a modular manner – so the vehicle can be adapted perfectly to your requirements.

**HYMER Ayers Rock, Grand Canyon,
Yosemite, Yellowstone**

CREATURE COMFORTS.

Whether travelling solo, as a couple or a group of four – thanks to different layout concepts the HYMER Ayers Rock, Grand Canyon, Yosemite and Yellowstone models offer the right vehicle for every type of holiday. A well-thought-out interior design concept and the comfortable pop-top roof provide plenty of room to express yourself, while still leaving enough space for sports equipment such as bicycles. Simply everything you need.

Pop-top roof
(optional)

Insulated
aluminium
framed windows

ISOFIX
(optional)

4 kW hot-air heating
system with hot-water
boiler

Lashing rails for
flexible fixation

Comfort sleeping
system with
disc springs

FOR THE PERFECT BREAKFAST. NO MATTER WHERE THE SUN RISES.

MULTIFUNCTIONAL.

The folding table in the side wall can be quickly adjusted to make the tabletop area larger or smaller. It can also be folded back completely against the wall as required.

COMFY SEATING.

The generous seating area can also be fitted with ISOFIX attachment points.

NEATLY ORGANISED.

The extra-deep double drawers are equipped with high-quality self-closing mechanisms and a large, two-tiered cutlery insert.

KEEP YOUR COOL.

Modern compressor refrigerators ensure effective cooling – no matter how high the temperature rises outside.

EVERY SNACK IS A FEAST.

The kitchen is fully equipped with a sink, an integrated 2-burner gas hob and a compressor refrigerator. Extra-deep drawers and generous overhead lockers make pottering in the kitchen a whole lot easier.

The half-height refrigerator (in the Grand Canyon and Yellowstone) enhances the generous sense of space and creates additional storage options.

WAKE UP TO YOUR DREAM HOLIDAY.

START EACH DAY WELL-RESTED.

The modern comfort sleeping system for the rear bed with comfy cold foam mattresses, disc springs and attractive fabric-lined wall coverings offers perfect peace and quiet with a touch of luxury.

ON TOP OF THE WORLD.

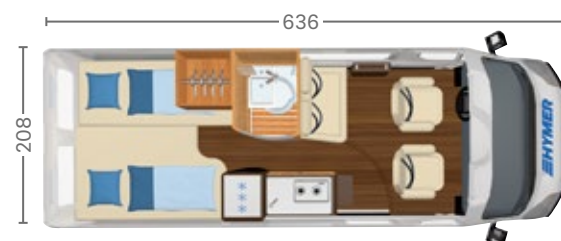

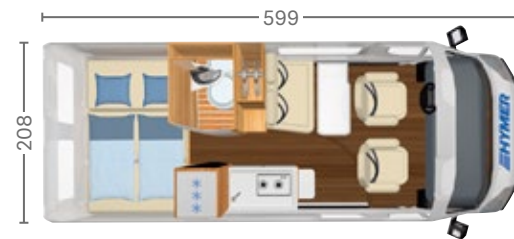

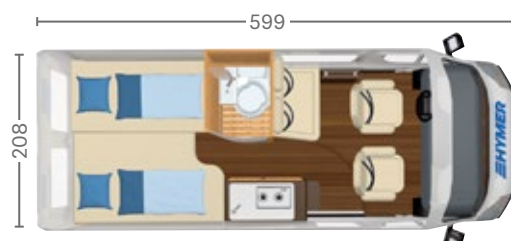

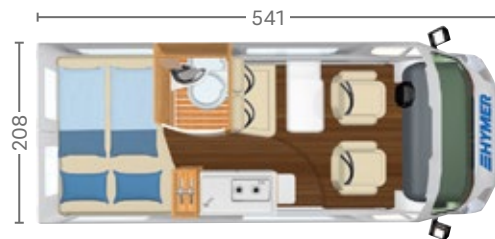

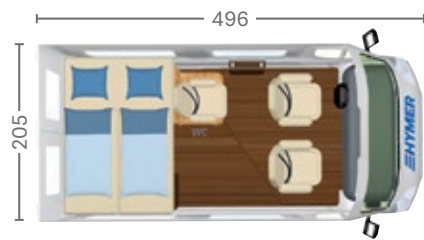

The pop-top roof with integrated bed including comfort sleeping system lets you create a separate bedroom. This area can be reached via a ladder and can be closed off to separate the two areas visually.

COMPACT COMFORT.

The compact bathroom is equipped with a large, stylish folding washbasin in superior-quality solid surface material. The tambour door takes up no room even when open, thus leaving the gangway clear, and at the same time enables an outdoor shower function thanks to the pull-out water tap and standard suction cup. The standard window in the bathroom also makes the room brighter. The washroom is multifunctional, allowing you to turn the compact bathroom into a wardrobe in next to no time.

LAYOUTS FOR THE HYMER SYDNEY AND FIAT CAMPER VANS.

A PERFECT MATCH FOR YOUR CAMPER VAN.

Whether you opt for the Sydney or a FIAT-based camper van – HYMER offers matching original accessories for every model range. And all parts serve the same purpose – to make your holiday even more enjoyable. For more details and additional accessories please visit www.hymer-original-zubehör.com

FIAT POP-TOP ROOF INSULATION

Stay warm and cosy while you sleep thanks to our new, four-part pop-top roof insulation. Each element is affixed directly to the roof lining via stitched-on Velcro tape strips and, where required, is additionally secured via self-adhesive counterparts on the underside. The front element can be opened via two zips in order to let in light and fresh air.

PASSENGER DOOR SAFE

This safe is not visible from outside and keeps your valuables safe from thieves thanks to special screws. It can be easily installed behind the original map compartment without any awkward protruding edges. It offers enough space for all the essential items you need to bring with you on holiday, such as credit cards, mobile phones, identification documents, cash or jewellery.

REAR MOSQUITO NETTING

Prevents insects from entering the vehicle while allowing air to circulate. Assembly is easy thanks to welded-on magnets and sewn-on, flexible magnet strips. Access to the vehicle is via twin two-way zip fasteners.

FURNITURE PROTECTION MAT

Besides protecting furniture, the mat also serves as a replacement insulating mat, e.g. as a towel underlay on the bed surface for greater comfort. Installation is quick and easy thanks to clip-in profiles.

SOMEHOW WE HAD COMPLETELY DIFFERENT PLANS.

HIT THE PEAKS TO ENJOY THE DESCENT

Following the good weather and their trail app, the three explorers needed just a few hours on the road to reach the picturesque region, which owes its name to five idyllic fishing towns: Cinque Terre. Soon after parking, rolling out the awning and popping up the roof, that "dolce vita" feeling starts to set in. The sun sets over the Mediterranean Sea and the trio takes to their cosy beds with cold foam mattresses. The plan is to gain some elevation the next morning – the holiday has officially begun.

As the first rays of Italian sun filter through the insect screen on the pop-top roof, it's instantly clear that this is a good place to be. And is that the aroma of coffee in the air?

Read the full travel story and others at
<https://www.hymer.com/de/en/travel-enjoy/travel-stories>

Like bright bursts of colour, the five small towns adorn the steep cliffs of Liguria. Is it a painting? More like a dream. At least that was the unanimous agreement from our three cyclists who were able to take a closer look at the Cinque Terre.

Claudi, Andy and Lukas were on the move with their three electric mountain bikes, the HYMER Yosemite camper van and a plan that was actually supposed to take them somewhere completely different.

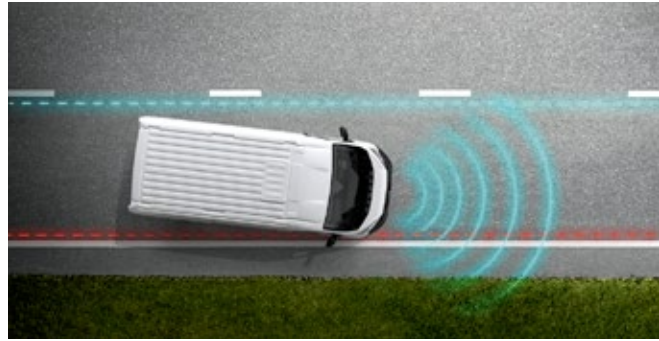

While on the motorway, the plan was still to head to the Dolomites – to get some fresh mountain air and rack up some kilometres on the trails. The fact that the trio ended up on the Italian Riviera wasn't due to taking the wrong exit, but rather to the weather. Snow had covered the mountains and forced the travellers to make a spontaneous change in plans. A case of fortunate misfortune – in retrospect – because they would have never discovered this twelve-kilometre stretch of coast otherwise. Not only would one of UNESCO's cultural heritage sites have slipped through their fingers, but also a few fantastic days in the south of the country.

FIAT HIGHLIGHTS.

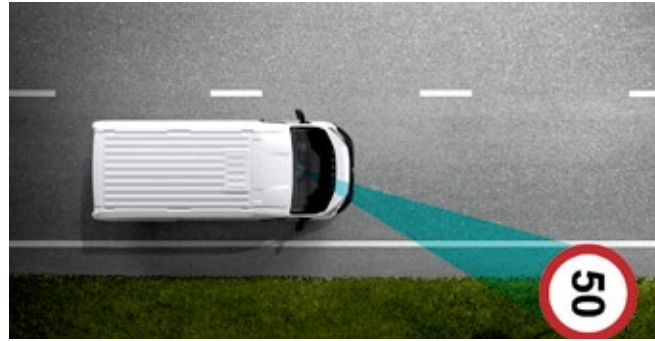

Jam-packed with safety features.

The excellent driving comfort of a Fiat Ducato-based HYMER is complemented by comprehensive safety features, including driver and passenger airbags, ABS, TCS and ESP including Traction+. Added safety and convenience are provided by electrically adjustable and heated wing mirrors, daytime running lights, hill start assist and hill descent control.

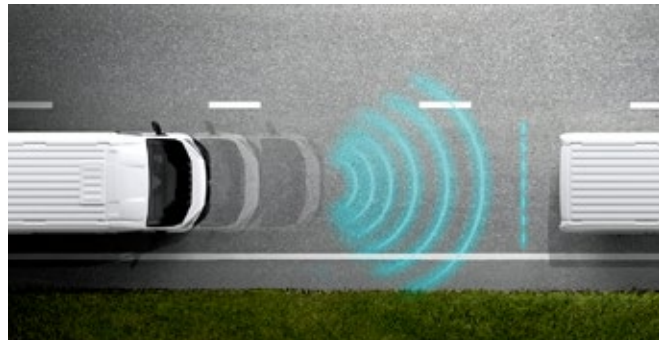

LANE DEPARTURE WARNING SYSTEM

The lane departure warning system (LDWS) emits an acoustic signal alerting the driver if the vehicle strays outside the lane.

TRAFFIC SIGN RECOGNITION

The Traffic Sign Recognition (TSR) system alerts the driver to road signs via an on-board display.

COLLISION WARNING SYSTEM WITH EMERGENCY BRAKING FUNCTION

This system is capable of detecting obstacles in front of the vehicle and mitigating or preventing collisions. The driver is automatically alerted; if they fail to respond, the system automatically initiates the braking process.

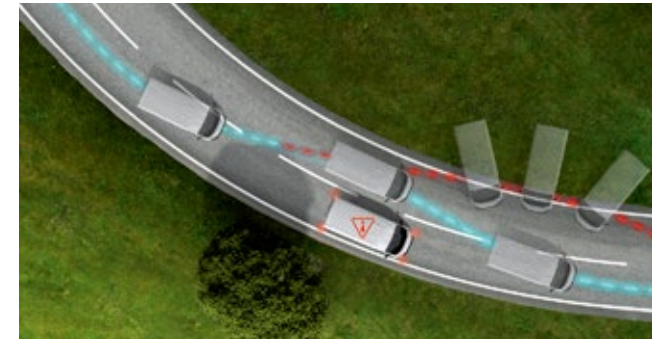

MULTI-FUNCTION STEERING WHEEL

The radio and other connected devices can be conveniently operated via the adjustable multifunctional steering wheel.

LED DAYTIME RUNNING LIGHTS

The headlights incorporating LED daytime running lights generate 40% more luminescence for improved passive safety by day.

ELECTRONIC STABILITY CONTROL (ESC)

This sophisticated system constantly monitors your driving. It applies the brakes or reduces your speed when necessary.

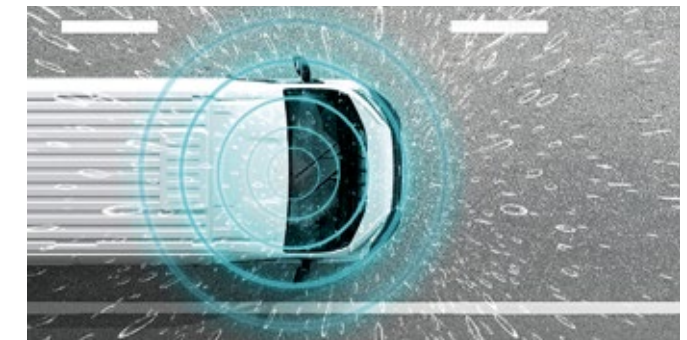

TRACTION+ WITH HILL DESCENT CONTROL

Ensures trouble-free driving, even on difficult surfaces. On downhill slopes, the system helps you to maintain the desired speed.

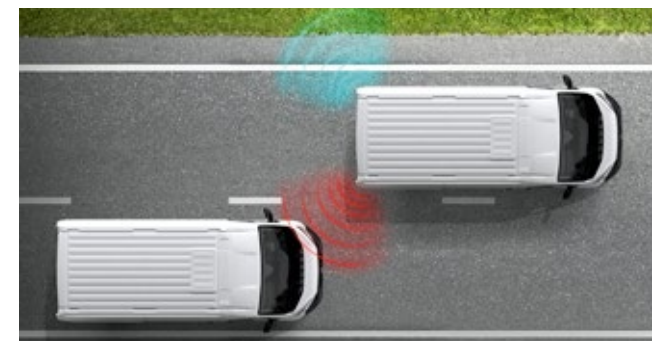

NEW 9G AUTOMATIC TRANSMISSION

The fully automatic 9-speed automatic transmission ensures optimum use of torque and increased ride comfort. In addition, it is extremely light, reliable and durable.

RAIN SENSOR

Automatically activates the windscreen wipers as rainfall increases.

BLIND SPOT ASSIST

The Blind Spot Assist uses radar sensors to detect vehicles in the blind spot of the rearview mirror.

ROLL-OVER MITIGATION

Additional assistance for the ESC in situations where the risk of roll-over is greater.

HYMER Free S

FOR ADVENTURERS – WITH THE HIGHEST STANDARDS.

Take a time-out from everyday life and leave the mundane far behind. The new HYMER Free S, based on the front-wheel drive Mercedes Sprinter chassis, offers perhaps the most comfortable way to be spontaneous – anywhere and anytime. Its powerful engine and extensive comfort and safety features, such as the Mercedes 9G automatic transmission and state-of-the-art assistance systems, meet the highest demands. The front-wheel drive guarantees a higher payload and even more headroom in the interior. This makes the HYMER Free S your perfect companion for small trips and big adventures alike.

HYMER QUALITY IN A NEW DESIGN.

NEW DESIGN, SAME OUTSTANDING QUALITY.

The new interior is more elegant than ever. The modern design and sophisticated lighting concept make the interior seem even larger and more inviting. And the headroom of up to 2 m ensures even taller passengers will feel right at home.

TAKE IT ALL WITH YOU.

With front-wheel drive, the Free S lets you carry an even greater payload – so you are fully equipped for every eventuality.

ARE YOU SITTING COMFORTABLY?

The seating area in the Free S is as elegant as it is comfortable – and consists exclusively of high quality, authentic materials. Optionally, the seating area can also be ordered with ISOFIX. The ergonomic driver's and front passenger seats in matching upholstery offer outstanding comfort – both on longer journeys and for a cosy get-together in the evening.

PRACTICALLY PRIVATE.

CREATE ADDITIONAL PRIVACY IN NEXT TO NO TIME.

The bathroom features a comfortable bench toilet and numerous storage options. When showering, the shower curtain protects the mirror cabinet, washbasin and toilet from water spray. An all-round drainage channel in the shower tray ensures that the water drains away reliably.

EASY ACCESS TO TOTAL RELAXATION.

The innovative pull-out bed riser provides easy and convenient access to the rear beds, while also functioning as a handy storage space partition to prevent your cargo from sliding around.

COMFORT YOU WILL SIMPLY LOVE.

The rear beds in the HYMER Free S are optimally equipped with ambient lighting and a comfortable cold foam mattress including a comfort slatted frame. For extra convenience, they also feature flexible reading spotlights and a USB charging socket as standard.

HYMER Grand Canyon S

TIME FOR YOUR NEXT ADVENTURE.

The perfect vehicle for those who refuse to compromise – with the HYMER Grand Canyon S on Mercedes-Benz Sprinter chassis, you are ready for any trip. The fabulous driving dynamics – underpinned by a comprehensive safety package featuring state-of-the-art driver assistance systems – will have you addicted. Enjoy your time-outs with the 7G Tronic automatic transmission, all-wheel drive and everything else you need. Luxury without compromise. Wherever your journey takes you.

Pop-top roof
(optional)

system with
disc springs

COMFORT IS NO COINCIDENCE.

EVERYTHING SIMPLY WORKS.

Versatile: the large folding side table in the Grand Canyon S opens up to a very useful size. What's more, it can be partially collapsed or folded away completely as required, so you don't have to store it separately while on the move.

STRESS-FREE COOKING.

The compact kitchen area in the HYMER Grand Canyon S features generous work surfaces and plenty of extra-deep drawers with high-quality self-closing mechanisms and ample space for pots and pans or crockery. All you need to prepare even the most elaborate meals! A kitchen counter extension can be hooked onto the rail fixed to the side of the kitchen area to provide an extra work surface.

MAKES COOKING A PLEASURE.

The practical cooker/sink combination with two burners is space-saving yet functional. When the glass lid is folded down, it becomes a large worktop or shelf surface.

COOL? MEGA COOL!

The large compressor refrigerator in the Grand Canyon S with integrated freezer compartment has a capacity of 90 litres and can also be used as a practical storage rack.

THE BEST MORNINGS INCLUDE A LIE-IN.

INCREDIBLY CONVENIENT.

All HYMER models are equipped as standard with our comfort sleeping system, consisting of high-quality disc-spring bed frames and cold foam mattresses. Thanks to the extra body width, the HYMER Grand Canyon S boasts a particularly generous interior with room for a large bed surface with dimensions of 195 cm x 135 cm.

EXTRA SECURE.

The shelf is equipped with practical elastic straps to keep all your bathroom accessories handy and secure.

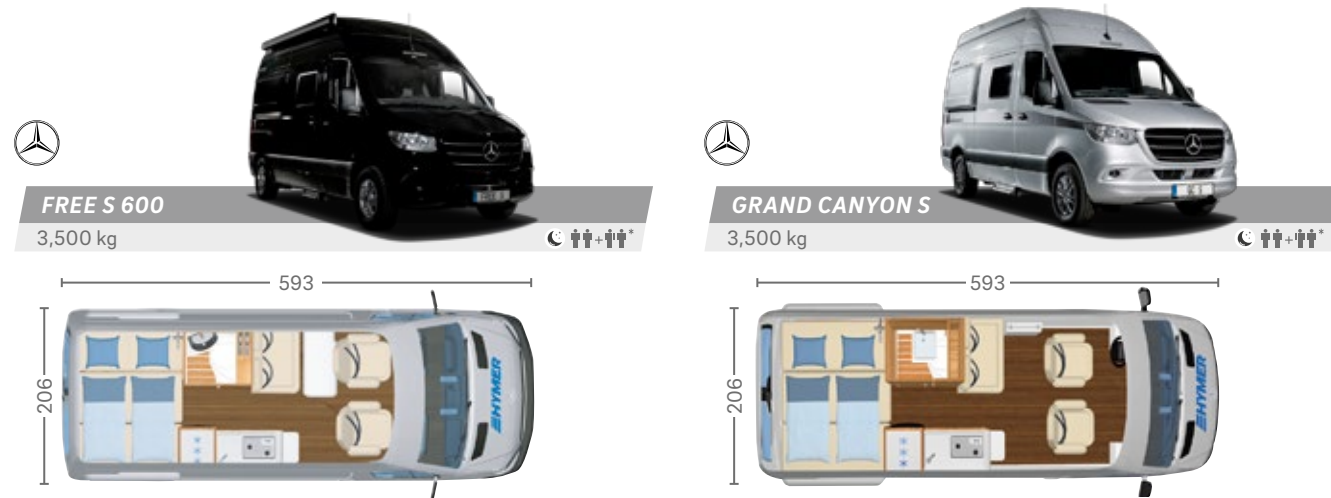

PURE LUXURY.

The roomy compact bathroom in the Grand Canyon S is lavishly and practically equipped – with a bathroom window as standard, a designer folding washbasin in solid-surface material plus a modern bench toilet complete with a level indicator and toilet roll holder.

CLEVER SOLUTION.

The double bed in the rear offers plenty of room for a restful night's sleep – and additional luxury thanks to the comfort sleeping system, which is equipped as standard. During the day, the bed can be easily folded up out of the way and the rear area used as storage space for surfboards, bikes and other items.

LAYOUTS FOR THE HYMER FREE S AND GRAND CANYON S.

A PERFECT MATCH FOR YOUR CAMPER VAN.

There are plenty of original accessories from HYMER for the compact Free S and Grand Canyon S. After all, you shouldn't have to do without any home comforts when you're on the road – including staying warm and cosy at night. For more details and additional accessories please visit www.hymer-original-zubehor.com

MERCEDES POP-TOP ROOF INSULATION

It ensures a comfortable temperature during cold winter nights – and a relaxed sleep thanks to the blackout blind and lightweight noise protection. The front element can be easily opened via a zip to let in light and fresh air.

REAR MOSQUITO NETTING

Effectively prevents insects from entering the vehicle whilst letting air circulate. Assembly is straightforward thanks to welded-on magnets and sewn-on, flexible magnet strips. Access to the vehicle is provided via twin two-way zip fasteners.

ELECTRIC BLANKET

Ensures your bed is toasty and warm so you can enjoy a sound night's sleep. Thanks to GS-tested quality and the automatic switch-off function after 180 minutes, you can sleep for as long as you wish without a worry in the world. The electric blanket with four heat settings is the perfect size to keep one person warm.

HINGED REAR INSULATION

Approximately 8 mm thick, this foam insulation is tailor-made and creates a perfect seal against the vehicle's walls thanks to the sewn-in magnets. The side facing the interior is coated in beige polyester velour. The lower half can be folded up for easy access to the rear and also features two windows.

THE MOBILE SURFERS' PAD – TAKING THE CAMPER VAN ALONG THE ATLANTIC COAST.

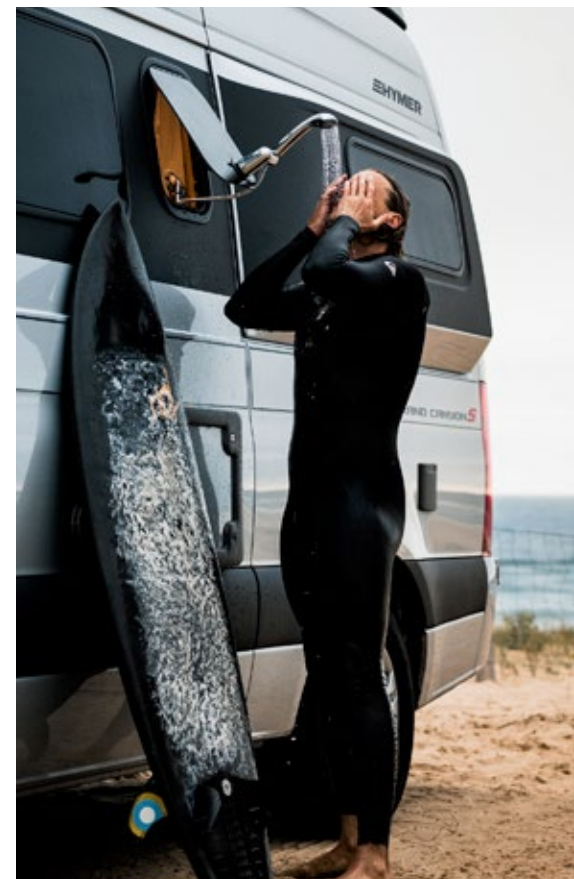

SURFERS MAG
AUTHOR

FRANCE
DESTINATION

HYMER GRAND CANYON S
MODEL

In their daily routine – if you have such a thing on this kind of road trip – the guys are constantly impressed by the features developed by the designers. Their favourite is as simple as it is practical: the external shower. Sand and salt is washed away in an instant and the interior stays clean.

GET THE SURF VIBES GOING, SET THE CRUISE CONTROL AND HEAD FOR THE ATLANTIC.

AN APARTMENT FOR THREE MEASURING 12 M².

To be honest, the guys were a bit worried things might be a bit too “cosy” in their 12 m² dwelling. But the joint living and touring experience is no problem at all thanks to the pop-top roof, the intelligent floor plan and clever features like the folding washbasin. Provided you have good weather and clean socks.

For more travel stories visit
www.hymer.com/de/en/travel-enjoy/travel-stories

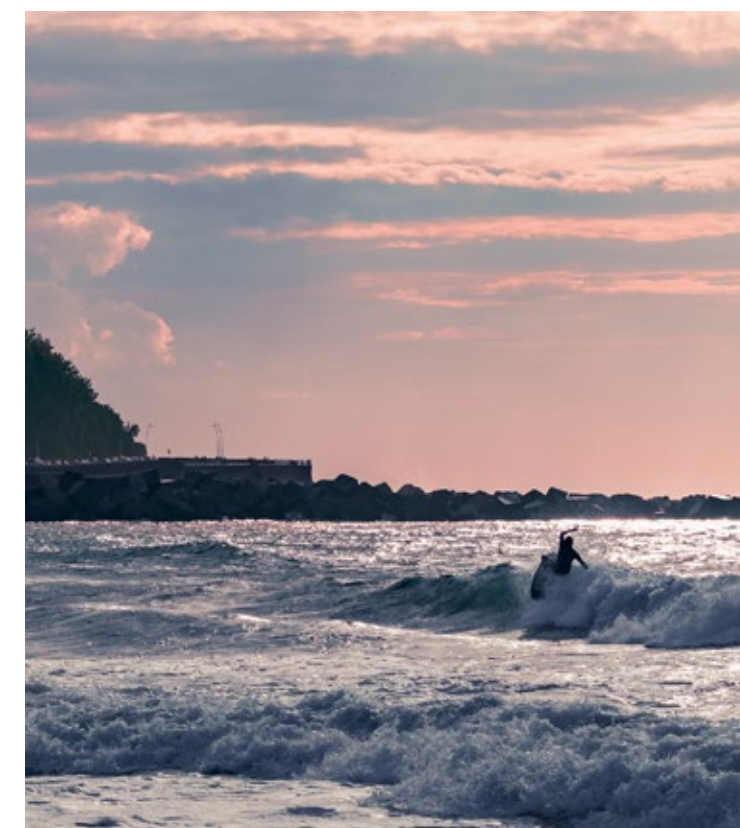

Sometimes you just have to get out there and do what you really feel like doing. That's why Patrick, Christian and Ferdi got their hands on a HYMER Grand Canyon S and made their way towards France. Their goal: the perfect wave.

FULLY LOADED WITH EVERYTHING WE NEED

The first HYMER test before the trip even starts: packing! After a half hour of “suitcase Tetris”, six boards, the contents of four travel backpacks, food for the trip and camera equipment are all stowed away. And look at that – there's even room left over for the three passengers. Test passed.

In the world of surfing, France and Spain are considered a true paradise for wave riders. The plan is to visit twelve spots south of Bordeaux, which promise two weeks of ultimate surfing enjoyment. It's a fourteen-hour trip on the motorway to get there. Time to get the surf vibes going, set the cruise control and lane departure warning system, and head for the Atlantic.

After a relaxed all-night drive, the surfer crew takes a deep breath of the quintessential salty air and their adrenaline gets pumping. Having finally arrived, there's no holding them back: get parked, the boards out and into the waves.

MERCEDES-BENZ HIGHLIGHTS.

Built-in dynamics.

All HYMERS based on the Mercedes-Benz Sprinter chassis come with an extensive safety package. The electronic stability control package includes an anti-lock braking system (ABS), traction control system (TCS), electronic brake force distribution (EBD) and a hydraulic brake assist system (BAS). Also included are the latest generation adaptive electronic stability program (ESP), load adaptive control (LAC), roll-over mitigation and roll movement intervention (ROM/RMI), enhanced understeering control (EUC) and trailer stability assist (TSA). Even greater driving safety in wet and rainy conditions is ensured by the automatic Brake Disc Wiping and Electronic Brake Prefill systems, as well as the new automatic headlights as standard.

7G-TRONIC AUTOMATIC TRANSMISSION

The fuel-optimised 7-speed 7G-TRONIC PLUS automatic transmission guarantees a smooth drive and is available as an option.

CROSSWIND ASSIST

The standard crosswind assist helps to keep the vehicle in lane in strong winds thanks to automatic braking interventions.

LANE DEPARTURE WARNING SYSTEM

The lane departure warning system sends acoustic and visual signals to the driver if the vehicle in case of unintentional lane departure. When the lane departure warning system is active, the system also intervenes to make corrections by applying the brakes in a targeted manner. This helps to reduce the risk of accidents caused by the driver briefly falling asleep at the wheel.

BLIND SPOT ASSIST

The optional Blind Spot Assist alerts the driver to vehicles in the blind spot via visual and acoustic signals. Rear Cross Traffic also detects any vehicles passing behind the camper van when reversing.

FOUR-WHEEL DRIVE

An optional, driver-activated four-wheel drive system with greater traction, improved driving stability and the latest generation of ADAPTIVE ESP® lets you master even the most challenging weather and road conditions.

DISTRONIC DISTANCE ASSIST

The system automatically maintains the distance you choose from the vehicle ahead – and automatically applies the brakes and even brings the vehicle to a stop when necessary.

PARKING ASSIST WITH 360 DEGREE CAMERA

Makes easier work of manoeuvring into and out of a parking space – visual and acoustic signals warn the driver of any obstructions in addition to the image shown on the Mercedes display (with a screen size of up to 10.25").

ATTENTION ASSIST

The system analyses each individual driver's behaviour, detects any abnormal driving patterns – for example, due to drowsiness or distractions – and warns the driver accordingly.

TRAFFIC SIGN ASSIST

Traffic Sign Assist uses a multifunctional camera to recognise traffic signs and helps the driver by displaying the speed limits and no-overtaking signs it has detected in the instrument cluster. The system issues a warning if it detects that you have entered a section of road against the prescribed direction of travel. The camera also recognises traffic signs with restrictions that are indicated by an additional sign (e.g. when wet).

ADAPTIVE WINDSCREEN CLEANING SYSTEM

The washer fluid is applied directly to the windscreen via the wiper blades for optimum distribution of the fluid without impairing your view.

MERCEDES MBUX MULTIMEDIA SYSTEM

The impressive MBUX multimedia system with a touchscreen measuring up to 10.25" (26 cm) boasts intuitive touch controls, a high-resolution touchscreen and a wide range of communication and infotainment features. It is also the basis for many of the assistance systems.

HYMER ORIGINAL PARTS.

A perfect match.

Discover our wide range of innovative solutions that are available in the categories interior, exterior, chassis system, travel and transportation. With HYMER Original Accessories you can rest assured you've made the right choice – thanks to their perfect fit, impeccable

workmanship and original quality. HYMER Original Accessories are not available direct from the factory, but are instead ordered and retrofitted exclusively via your HYMER dealer. You can find the full range of HYMER accessories online at www.hymer-original-zubehör.com

WELL COVERED

You can tell an original HYMER seat cover by its optimal fit. These machine-washable protective covers include a pocket at the back, and are available in beige and graphite.

LIKE SLEEPING ON AIR

The original HYMER fitted sheet is a perfect fit and, just like the mattress topper, is available for all bed types.

FOR YOUNG SLEEPYHEADS

The HYMER children's bunk measures 160 x 70 cm and fits easily into the cab. Available for both Fiat Ducato and Mercedes-Benz Sprinter. New version with fitted sheet now available.

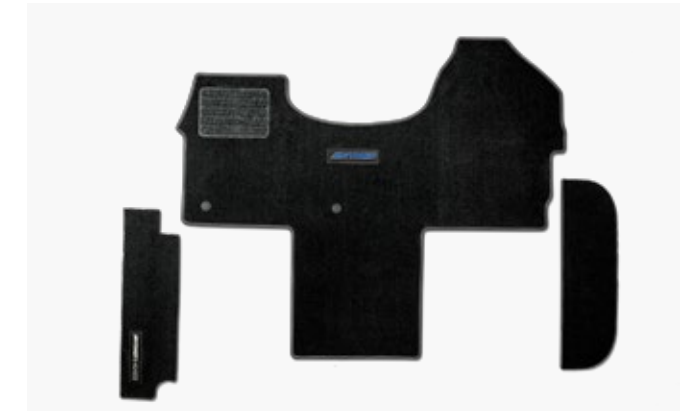

STAY WARM, FEEL GOOD

A bed that is perfectly toasty and warm is a must for a relaxing and sound night's sleep. The electric blanket simply needs to be plugged into a 12-volt socket, which means it can be conveniently used when on the road.

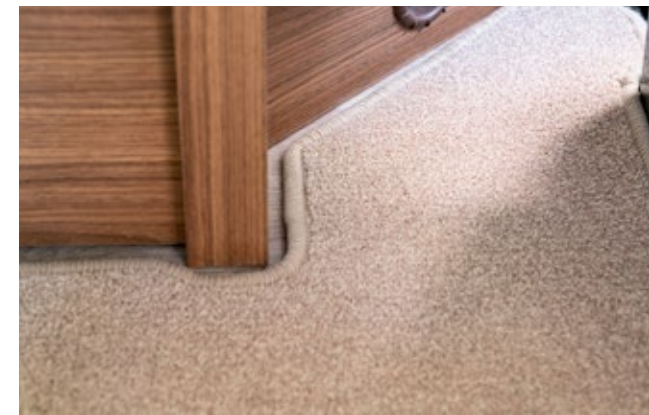

HYMER SMART BATTERY SYSTEM

The HYMER Smart Battery System combines two different battery types (AGM und LI). This enables the advantages of both technologies to be exploited, thus significantly increasing the life of the batteries from an average of around three years to around ten years. Although considerably smaller in size and weight, the usable capacity is almost exactly the same.

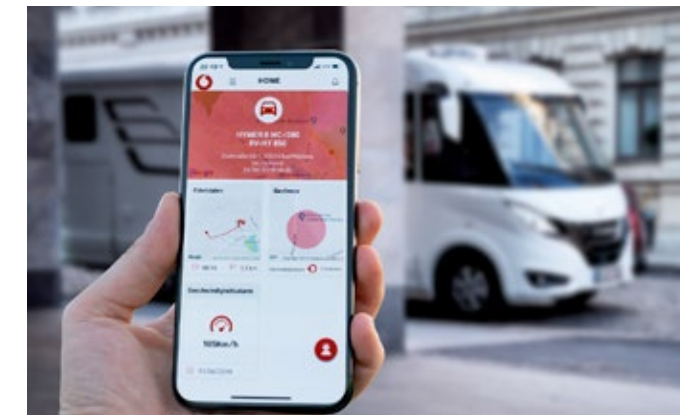

TAILOR-MADE FOR YOUR FEET

Custom-made, high-quality cab carpet made of polypropylene tufted velour with edging in a nubuck design. The carpet is secured against slipping and is additionally equipped with a heel guard.

THE FEEL-GOOD FACTOR – WHEREVER YOU GO

Embellish your "home-on-wheels" with the multi-part, tailor-made carpet for the living area. It impresses with both its quality and appearance, and also feels wonderfully soft. Available for all models.

ANTI-THEFT TRACKING AND VEHICLE MONITORING

Effectively safeguard your vehicle against theft – thanks in part to the Europe-wide service network of our partner Vodafone. The "My Connected Car" app can do even more: manage geofencing, Car Finder, etc.

MULTIMEDIA PACKAGE

The multimedia package is specifically designed for the Fiat Ducato and consists of the ZENEC 3766 (with 3 years of map updates and FREEONTOUR integration) and matching reversing camera, which is elegantly integrated in the third brake light. Includes a radio switch to operate the system without starting the engine. Also available for models on a Mercedes-Benz chassis. Optionally available with seven years of map updates.

ALWAYS TO HAND

With the retractable loading floor you can securely stow your luggage. As required, the loading floor can be retracted by around 80 cm, allowing the rear area to be accessed with ease without having to remove your luggage. If necessary, the loading floor can be removed with relative ease.

HYMER ACCESSORIES FOR THE KITCHEN RAIL

The factory-installed rail in the HYMER kitchen can be supplemented with the following products: hanging hooks, a kitchen roll holder, a spice rack and a coffee capsule holder.

THE HYMER E-BIKE – THE NEXT GENERATION

The HYMER E-Bike by FLYER begins its second life. Completely revised, it boasts an extremely modern and tidy appearance. The generous equipment and whisper-quiet Bosch motor are just as impressive as the 500 Wh battery integrated into the frame. The result is an e-bike that is perfectly adapted to the needs of campers. The **warranty services** are also unique and include **five years'** cover on the motor, display and related electronics.

ON THE MOVE? ON YOUR BIKE!

Premium quality bicycle rack from Thule for mounting (without drilling) on the rear doors. Available in a black or silver finish.

BE FIRST IN THE QUEUE AT THE BAKERY IN THE MORNING!

THE-URBAN HMBRG is the first electric scooter from HYMER. It is sure to be your faithful and beloved companion at any holiday destination. Whether popping out for bread in the morning, buying some groceries in the next town, or just heading to the washhouse – from now on, everything is guaranteed to be twice as much fun. There is simply no cooler way to get around – naturally, it is 100% road-legal and approved.

TRAVEL IS ALWAYS IN FASHION

Enjoy being active and discovering new places? Wherever your journey takes you – HYMER has the perfect outfit.

HAPPY HOLIDAYS, GUARANTEED.

With the Erwin Hymer Group (EHG) warranty for new vehicles – in partnership with CG Car-Garantie Versicherungs-AG.

The purchase of a motorhome or caravan is something truly special. It gives you the freedom to travel independently whenever and wherever you want – your home will always be with you. We want you to enjoy carefree days and weeks in your holiday home on wheels.

authorised dealer. In the case of the EHG extended warranty for new vehicles, Car-Garantie will be liable for the full labour and material costs in the event of a warranty claim – even if your vehicle suffers multiple instances of damage, naturally. There is no excess to pay.

This also means giving you peace of mind at all times. With the EHG warranty for your motorhome/caravan, you are fully protected against unexpected repair costs. Even with a faultless vehicle, there is always the possibility of damage further down the road.

- Comprehensive coverage of repair costs
- Valid throughout Europe
- Liquidity protection in case of repair
- Exclusive use of original parts
- Increases the value of your vehicle

Get started today! When it comes to your motorhome/caravan, the EHG extended warranty for new vehicles reliably protects you from unwelcome financial surprises – even after the end of the warranty period. You can request the warranty for 12, 24 or even 36 months from your

The extended warranty is available from all participating HYMER dealers in Germany and Switzerland.

| | 12 months | 24 months | 36 months |
|---|-----------------------------------|-----------|------------|
| | Price overview¹ | | |
| Camper Van Vehicles with permissible laden mass up to 4.5 t | € 549.00 | € 999.00 | € 1,499.00 |
| Caravan | € 229.00 | € 439.00 | € 699.00 |

Should you decide to buy a used motorhome, the EHG also offers the ideal product – our used vehicle warranty. Please ask your authorised HYMER dealer for details.

¹) *As of 07/20: recommended retail price including statutory VAT. ²) Includes the two-year manufacturer warranty and three-year extended warranty
Note: The extended warranty is offered by CG Car-Garantie Versicherung AG, Freiburg, in accordance with the applicable warranty terms and conditions.

ICON LEGEND.

Everything at a glance.

DRIVER-ACTIVATED FOUR-WHEEL DRIVE SYSTEM

An optional, driver-activated four-wheel drive system with greater traction, improved driving stability and the latest generation of ADAPTIVE ESP® means you can master every challenge in all weather and road conditions.

AMBIENT LIGHTING

The ambient lighting is characterised by indirect LED lights, thus ensuring an understated and homely feel throughout the living and kitchen areas.

DIESEL HEATER

Heating with diesel means maximum independence for you because the fuel comes directly from the vehicle's tank and does not have to be purchased separately. The modern heaters are also extremely quiet and completely odourless, not to mention reliable and highly efficient.

INSECT SCREEN

The pleated insect screen for the sliding door on the side of your HYMER is a practical addition. It's sturdy and provides reliable protection from insects and other unwelcome guests.

FRONT-WHEEL DRIVE

The front-wheel drive system is much lighter than its rear-wheel drive counterpart, which reduces the overall weight of the vehicle and allows a larger payload. The front-wheel drive is available with 6-speed manual or 9-speed automatic transmissions.

REAR-WHEEL DRIVE

Thanks to its powerful rear wheel drive, the HYMER displays smooth, superior handling in all traffic situations – and an extremely comfortable ride into the bargain.

ISOFIX

ISOFIX is an internationally standardised system that is the safest, easiest and quickest way to fit a child car seat correctly, without using the vehicle's seat belt.

INSULATED ALUMINIUM FRAMED WINDOWS

The high-quality aluminium framed windows, which are included as standard, offer improved burglary protection and guarantee first-class winter resistance. Practical pleated blinds and insect screens are included.

100% READY FOR THE ROAD

Just get in and drive! The HYMER edition models come with a pre-configured equipment package and are thus 100% ready for the road.

WARDROBE

The wardrobe offers plenty of room for your holiday attire. Items of clothing can be neatly and tidily hung up on hangers in the top section, while the bottom section is fitted with shelves.

COMPRESSOR REFRIGERATOR

The compressor refrigerator is already included as standard in many model ranges. Each vehicle comes with a 70-litre fridge as standard, while the large model has a capacity of 90 litres.

POP-TOP ROOF

Two extra berths are available thanks to the optional pop-top roof with integrated Maxi double bed featuring our comfort sleeping system.

COMFORT SLEEPING SYSTEM

The HYMER comfort sleeping system with high-quality disc-spring bed frames maximises the benefits of the multi-zone cold foam mattresses. Each area of the body is supported with the ideal counter-pressure for snug and restful sleep.

SOCKETS

The 230 V and 12 V sockets provide plenty of power for various appliances.

LASHING RAILS

Integrated aluminium lashing rails with adjustable eyelets allow flexible and secure mounting of various accessories for transportation purposes.

4 KW HOT-AIR HEATING SYSTEM

You can use the heater to warm up the interior and heat the water for the kitchen and bathroom – either simultaneously or separately.

5TH SEAT

As an adaptable five-seater version with driver and passenger seat, double bench seat and the removable fifth seat, the HYMER Sydney offers first-class seating comfort and can be quickly adapted to suit your needs.

NOTE

This brochure describes the series status at the time of publication. Despite careful checking of the contents, misprints cannot be ruled out. We reserve the right to modify the equipment or make product improvements during the course of the model year. Before signing a sales contract, please ask one of our authorised HYMER dealers about the current product and series status.

Some vehicles include optional extras which are quoted in the current price list and are available at extra cost. The decoration shown is not supplied by HYMER. The details of the scope of delivery, appearance, performance, dimensions and weights are valid at the time of going to press – deviations within the factory tolerance limits (max +/-5%) are possible and permissible.

This data complies with European homologation regulations, which may change up to the time of vehicle purchase or delivery. Your HYMER dealer will gladly provide you with information on any changes and the standard scope of delivery.
